Preposterous Scheme

The plan by postal authorities to have most outgoing Newton mail processed and postmarked in Cambridge is so preposterous that one can't help but wonder who dreamed up such a nonsensical scheme.

The explanation undoubtedly will be offered that the innovation merely was to be tried on a temporary basis. But temporary experiments of this nature have a way of becoming permanent.

Whether temporary or permanent, the idea has no merit from the standpoint of the people of Newton and should be abandoned.

A city the size of Newton surely is entitled to postal facilities to handle its outgoing mail. The move would be virtually certain to slow down mail deliveries in Newton and further impair an important public service.

To have mail sent out by Newton residents, business and industrial concerns and even by the City of Newton carry a Cambridge postmark would be fantastic and absurd, to say nothing of being an injustice to Newton.

If Newton—a city of 90,000 people and one of the most progressive municipalities in this part of the nation—is to be treated by postal authorities like a tiny hamlet or whistletop, it will start a row which have loud echoes all the way to Washington.

Sen. Kennedy Picked To Win Crucial West Virginia Test

Senator John F. Kennedy has implied in a number of speeches that he will either win or lose the Democratic nomination for President in West Virginia next Tuesday.

Most of the political experts apparently disagree with that appraisal.

They seem to believe that

Kennedy will lose West Virginia, perhaps by a narrow margin, to Senator Hubert Humphrey but then will go on to make a strong run for the Presidential endorsement.

This observer is numbered among the minority who think Kennedy will nose out Humphrey when the returns are counted next Tuesday night, notwithstanding the fact that the Johnson and Symington forces have ganged up in a stop-Kennedy movement in West Virginia.

Kennedy isn't likely to win by much in the Mountain state, but if he wins at all it probably will start a stampede of delegates to him.

Possible Loss of Newton Postmark Stirs Protests

Stormy and angry protests this week greeted a tentative plan of postal officials for having the great bulk of outgoing Newton mail processed and postmarked in Cambridge starting early in June.

The balance of the mail, which is collected in the morning and comprises about 10 per cent of the total volume, already is being sent to the South Postal Station in Boston for cancellation and distribution from there.

Newton would lose both its postmark and its identity as a postal center if postoffice officials go through with the proposal for taking most of the city's outgoing mail to Cambridge to be cancelled and distributed.

Public officials, civic and business leaders joined in blasting the idea and in urging that postal authorities abandon the plan.

Congressman Laurence Curtis, when apprised of the plan under consideration quickly announced that he would

strongly oppose any move to have mail from Newton processed in Cambridge and postmarked from there.

Curtis conferred with postal officials in Washington and then talked by telephone with Postmaster Ephraim Martin.

He was told by the director of the postal distribution processing office in Washington that a change in the handling of Newton outgoing mail is under study.

The Graphic learned, however, that it had been tentatively decided to carry out the plan but that as a result of

Gun-Toter Is Returned To Hospital

Newton District Judge Donald E. Mayberry has fixed bail at \$25,000 in the case of an armed mental patient, who terrorized a Newton Centre family, and ordered him returned to Medfield State Hospital.

Philip L. Hoffman, 23, of 388 Boylston street, Newton Centre formerly of Wollaston, was captured by Patrolmen Edward F. Ceurvels and Robert W. Wargin a short distance from the scene of the robbery.

Police charged that Hoffman had ransacked the home of William Kantar, 23, at 54 Duxbury road, Newton, where he took \$15 and a bag containing drug samples owned by Kantar's father, Charles, a drug salesman. The cases were recovered by the officers.

Young Gunman Gets 5-10 At State Prison

The books have been closed on the brief holdup career of a 16-year-old Newtonville parolee who pleaded guilty to four robberies and a burglary in Newton before Judge Edward J. Pecco in Middlesex Superior Court last week.

Stephen F. Hamilton, of 268 Newtonville Ave., was given a five to 10 year term in Walpole State prison on a charge of robbery while masked, and four other concurrent sentences.

1960 Tax Rate Looms As More Than \$4 Hike

Newton's tax rate this year will be between \$59.60 and \$59.80, it appeared today.

That would represent an increase of from \$4.60 to \$4.80 over last year's rate of \$55.

One of the last factors which will play a part in determining the 1960 tax rate was established Monday night when the Board of Aldermen unanimously approved a recommendation by Mayor Donald L. Gibbs that \$900,000 be transferred from the city's surplus fund to hold down the rate.

The surplus fund on April 1 amounted to \$1,574,000 so that a balance of about \$674,000 still remains in it.

Mayor Gibbs probably would have been able to prevent any tax rate hike at all and might even have been able to achieve a reduction except for a rise in school costs and in MTA and county assessments.

\$4-Million Newton Loss If Pike Plan Succeeds; Mayor To Fight

Mayor Sees Business Houses, Some Churches Razed To Allow Turnpike

Newton would be the principal victim of the plan to merge the proposed Prudential Back Bay Centre with the extension of the Massachusetts Toll Road through this city into Boston, Mayor Donald L. Gibbs protested today.

Gibbs estimated that the construction of the highway over the Boston & Albany roadbed, as planned by

Turnpike Authority Chairman William F. Callahan, would result in the destruction of about \$4 million worth of property in Newton.

He declared that approximately 350 Newton families would lose their homes and that a number of business establishments and some churches probably would be

torn down to make way for the toll road.

While specific plans have not yet been divulged by Callahan, it is understood that the Turnpike Authority would take not only all but one or two tracks of the B & A right-of-way through Newton but also a strip at least 50 feet wide adjoining the roadbed on its south side.

Proposed interchanges in West Newton and Newton Corner would add to the loss of taxable property in the city.

Callahan is planning to build a six-lane expressway from Weston to Newton Corner and then an eight-lane thoroughfare from Newton Corner into Brighton.

It would cost 25 cents to ride on the toll road from Boston's South Station to Newton Corner and 35 cents to travel on the highway from the South Station to West Newton.

Mayor Gibbs, who is also a member of the State Senate, served notice that he will oppose and fight with all the

Health Dept. Urges Dogs Be Immunized

The Newton Health Department announces plans to set up clinics in Newton's six fire stations where dog owners in the latter part of May can get their pets immunized against rabies, unless they wish to have this done by their private veterinarian.

The Health Department pointed out that although human habies in this state in recent years, and no cases in dogs since 1940, there always is a danger that the disease could be reintroduced from other areas.

Prior to 1940 it was not unusual to have 300 or more cases per year of rabies in animals. Following the widespread use of rabies vaccine in dogs the disease has been eliminated from the Commonwealth and there is a tendency to forget the importance of dog vaccination. However there is always a possibility that rabies will reappear and spread among unvaccinated dogs. In the event of an importation of a rabid animal into Newton the disease will not spread among dogs if the dog population is vaccinated.

In addition to the constant threat of importation of a rabid dog into the State there is also the possibility that infected bats may bring rabies into the State. Bats in many parts of the country have been found to be infected and some species are known to migrate through Massachusetts. In addition, with the large number of people traveling from state to state, frequently with their pets, there is always danger that the disease may be brought into our towns and cities.

"The situation is similar to that of smallpox, where in spite of the fact that we have not had any cases for several decades we, nevertheless, are constantly aware that smallpox might be introduced and we therefore insist on the vaccination of children," the warning said.

"Mr. Fitness" Himself Has Oasis Of Health in Newton

William W. Watts, who has studied and practiced exercises and proper nutrition for the past nine years and who has a formidable array of muscles and a "Greek god" proportioned body to show for it said last week that Americans are more health-minded today than ever before.

The muscular young man, Marine Corps veteran, who operates the Trim Studios at 2304 Washington street, Newton Lower Falls, brings the first studio of its kind to this area.

Watts is a walking, vibrant testimonial for his kind of living. He has a trained staff ready at his unique place of business where vigorous mental and physical health are the watchwords of all the days of the year.

The ex-Marine sergeant, a former student at U.C.L.A., and now a junior at Northeastern University evening division, says that exercise should be as much a part of everyday living as eating and sleeping and is vitally important to maintaining good health and a well-balanced outlook on this mixed-up life of contemporary America.

"Muscles accustomed to work, work better," reminded the young physical culture exponent. He proved his point recently when he won the "Mr. Physical Fitness" title in competition with more than 40 other muscular marvels.

Weight lifting is one of his methods of building the Body Beautiful but he emphasizes that the heavy stuff isn't necessary for the kind of fitness needed to keep us operating smoothly in the ordinary walks of life. His Trim Studios keep this fact in mind and work to provide the best kind of body fitness needed for the work performed by patrons in earning the daily bread.

He is married and the father of a 14-month-old daughter.

Cites Need For Church Role In Education

A leading Protestant clergyman from Waban has cited Christian higher education as one of the essential functions of the church and cautioned that the "modern state will go down to ruin like ancient Rome" if the church fails to fulfill its function.

He was the Rev. Dr. Fred Goodsell of 289 Woodward Ave., Waban, Congregational Christian missions executive, an educational missionary in the Near East for more than 20 years. He spoke before 100 church leaders gathered in Hartford, Conn., for the annual meeting of the Congregational Christian Historical Society.

Dr. Goodsell said that while Congregationalism has shared a long and historic relationship with higher Christian education, there are instances in its history when it has failed to meet this challenge. He urged that churchmen learn from history and "go forward now to meet today's need."

The Congregational Christian Church is conducting a drive to raise \$7,500,000 to aid its church-related colleges in the United States and abroad.

Pesky Windshield Sticker Replaced Without Charge

Many readers have expressed concern to this newspaper over the antics of that little, white sticker affixed to the top of the windshield, validating the use of last year's license plates for 1960.

Glue, apparently of inferior quality, has failed to hold many of these stickers to the windshield. A number of harassed motorists, in attempting to replace the pesky little bits of paper, have found that the green ink has been obliterated. Some motorists have lost their stickers now that warmer weather has brought about an opening of automobile windows.

Inquiry at the Registry of Motor Vehicles should calm the apprehension of these motorists.

All that is necessary to replace the sticker is to write to the Registry of Motor Vehicles, Correspondence Section, 100 Nashua Street, Boston 14, enclosing name and address and the Financial Transaction number stamped on the back of the sticker.

If motorists live in the vicinity of any branch registry office, they may obtain the same service over the counter. There is no charge for either service.

married couples panel on Wednesday evening, May 11, at 8 p.m.; the third conference will be conducted by a doctor on Wednesday evening, May 18. All conferences will be in St. Ignatius lower church.

There is no admission charge or registration fee.

At the last conference Fr. McNeill will present Pre Cana certificates to the couples who have made the four conferences. On that Sunday afternoon, May 22, Benediction of the Most Blessed Sacrament will be held in the upper church and the engagement blessing bestowed.

riage before the Fall should attend. This program is under the sponsorship of Richard Cardinal Cushing in conjunction with the Catholic Family Life Apostolate of the Archdiocese of Boston.

Newton Girl Scouts Will Make Television Debut In Own Show

The Newton Girl Scouts will present their own television show entitled, "Family Camping—Girl Scout Inspired," on Dateline Boston, Tuesday, May 10, on Channel 5, at 6 o'clock.

Thus, a new art has been added to the already varied field of Girl Scout activities. The Girl Scouts will show how a family, upon arriving at a camping scene, can bring order out of chaos through their camping skills.

The production was written and produced by Mrs. H. Larry Margolis, who has had considerable background in radio and television and who has

received special permission through the auspices of the American Federation of Radio and Television Artists to narrate this public service program. Assisting Mrs. Margolis are Mrs. Gerald Hine and Mrs. Robert Clinton of the troop camping committee of the Newton Girl Scout council.

Lending interest to the production are three talented groups in the arts of choral reading, under the direction of Mrs. Margolis; singing, under the direction of Mrs. John Coleman, and folk dancing, under the direction of Mrs. Oliva Anderson.

The show opens with a typical family planning their annual summer vacation and finally deciding on family camping. The family consists of Senior Scouts Sandra Harper and Joyce Alban, Intermediate Eileen Horwitz, Brownies Jill Margolis and Carol Harper, and Mr. Joseph De Giacomo of Belmont, who has lent his talents as father in this scene.

After the family's arrival at camp, a complete home is established in that a tent is erected as a bedroom, a fireplace serves as a living room, and even a complete kitchen unit is constructed.

ready to enjoy life in the outdoors and is then joined by the choral readers consisting of members of Troops 16, 43, 59 and 188: Margie Bloom, Cheryl Chaitman, Peggy Clinton, Ellen Creedman, Amy Espar, Sherry Grant, Lynda Grossman, Susan Jackson, Ellen Kantor, Nancy Krasner, Susan Kross, Leslie Lipson, Jane Litsky, Jill Margolis, Sue Ellen Segal, Gail Shriber, Debby Snyder, Susan Van Dam and Susan Weiss.

Then follow the singers who make up Troop 118: Christine Boyd, Jane Coleman, Denise Foley, Sarah Gleason, Jane Hamilton, Doris Hodgson, Gail Howard, Ann Ingersoll, Josephyn Malone, Aline Marquis, Merrily Lovell, Helen Perkins, Gayle Purple, Beverly Rich.

Finally the folk dancers join in a merry dance. This group is made up of some of the Brownies who were members of Mrs. Oliva Anderson's Troop 4 last year: Carol Anderson, Carol Fisher, Carol O'Connor, Mary Lou Jonasson, Stephanie Mavrides, Leslie Solomon, Marilyn Mayo, Carol Harper, Lyn Steinsiek, and Leslie Fisher.

Mrs. Robert Clinton lends the background music on the harmonica for the singing and dancing.

ALL THE COMFORTS OF HOME, ALMOST—Newton Girl Scouts make themselves comfortable in scene which will be repeated on their forthcoming television show. Left to right, Mrs. Gerald Hine, Mrs. Robert Clinton, Brownie Jill Margolis, Troop 16; Brownie Carol Harper, Troop 4; Senior Scouts Joyce Alban and Sandra Harper, Troop 115; Intermediate Scout Eileen Horwitz, Troop 59; Mrs. H. Larry Margolis, author, producer and narrator of show.

Mrs. Rosenbaum also will officiate as Installation Officer, which will be a musical installation dedicated to "Our Fair Ladies" with original lyrics by Mrs. Edward Hartstone to be sung by Mrs. Hugh Stone and Mrs. Howard Libby, accompanied at the piano by Mrs. Edward Modest. 3 Newtonites Win N-W Bank Silver Prizes

W.N. Hadassah Meets May 11 At Sidney Hill CC

The West Newton chapter of Hadassah will hold its installation of new officers at a luncheon at the Sidney Hill Country Club next Wednesday (May 11) at noon, and tickets may be obtained by calling Mrs. Bentley Lehrberg at DE 2-0951.

Installing officer will be Mrs. Abraham Margolis, who is active in the Haverhill Hadassah, and who is New England Regional Hadassah Conference chairman for 1960. Mrs. Sidney Yaffee, past president of the Newton Centre chapter, will give the invocation.

The slate of officers for the ensuing year follows:
President, Mrs. Murry Abbott; vice presidents, Mrs. Manuel Brackman, Mrs. Lawrence Lasky, Mrs. Bernard Kupferman and Mrs. William Endlar; recording secretary, Mrs. Alexander Dorris; corresponding secretary, Mrs. Israel Chanek; financial secretary, Mrs. William H. Sonntag and treasurer, Mrs. Louis Goodman.

Mayor Fights-

(Continued from Page 1)

vigor possible the proposed "package deal" calling for a merger of the Prudential Centre and the toll road extension. "This would hurt Newton severely," he observed.

He blasted what he termed the "subterfuge" employed by the Prudential Insurance Company in order to obtain a guarantee of a tax reduction.

"I am terribly disappointed in the Prudential company," Gibbs asserted.

"I am surprised that a reputable business concern such as Prudential would stoop to the methods they are now employing to gain a tax reduction," Gibbs continued.

"They entered a gentleman's agreement with the City of Boston on a formula which would be used in taxing its property," Gibbs stated. "Now they are not willing to stand on that agreement and want a guarantee of a tax reduction."

Gibbs cited by contrast the attitude displayed by the John Hancock Mutual Life Insurance Company when it erected its building on Berkeley street in Boston's Back Bay.

"John Hancock went ahead with its building in the proper manner prescribed by law and did not resort to subterfuge," Gibbs said.

Mayor Gibbs said he plans an all-out fight in the State Senate to block the passage of the bill permitting a tie-up between the Prudential and the Turnpike Authority.

He was not prepared to say what steps he would take if the bill is passed by the Legislature.

Former Mayor Howard Whitmore, Jr., now a Republican candidate for Governor, also announced his opposition to the suggested package deal merger of the Prudential and the Turnpike Authority.

Whitmore proposed an alternate plan under which the City of Boston would take over the land on which the centre would be located and then lease the land to Prudential.

That would eliminate the need of any tieup between Prudential and the Turnpike Authority, Whitmore pointed out.

Postmark Loss-

(Continued from Page 1)

Curtis' intervention the scheme is likely to be dropped.

Mayor Donald L. Gibbs and City Clerk Monte G. Basbas, both sharply criticized the plan for processing Newton mail from Cambridge.

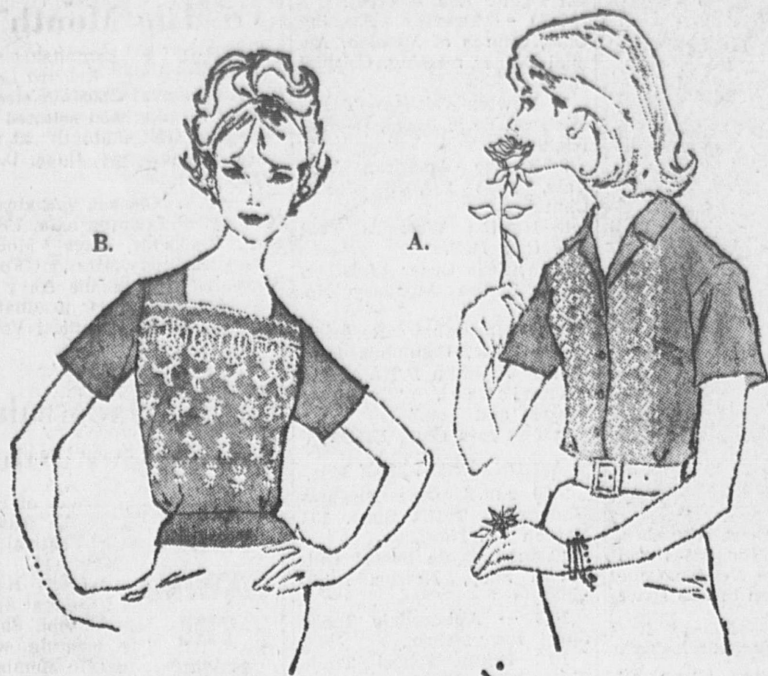

Gibbs declared that he would contact postal authorities to record strenuous objection to such a step.

The Mayor asserted that Newton businessmen and residents are entitled to have their city's postmark appear on their mail.

"I can't imagine anything more ridiculous," exclaimed Basbas. "We have a city of 90,000 people, one of the finest and most progressive communities in the United States, and they are considering depriving Newton of its postmark."

Newton postal officials, when queried on the matter, referred all questions to the central postoffice public relations office.

Officials there became suddenly reticent on the subject when it became apparent that a storm of protests was brewing. They admitted, however, that the matter has been under discussion and a tentative plan worked out. But they insisted no final decision had been made.

Headlights and Highlights From Newton High School

HIGHLIGHTS . . . The National Honor Society Induction Ceremony was held last Tuesday during X-Block. Parents and members of the Legislature with honor roll marks were invited.

The members were sworn into the society and were given pins. A luncheon will be held for them on May 9 at the Commonwealth Country Club.

Sixteen Newton High School students took part in the East Coast Mock United Nations recently. They represented Brazil. This year, 810 high school students from a number of East Coast high schools attended the conference representing a different national delegation.

The students from Newton High were Edie Cohen, Beth Ham, Philip Barry, Louisa Schell, Doris Axelrod, Meryl Owen, Robin Kaufman, Betsy Weinberg, Ann Shotz, Jeff Cohen, Dick Abrams, Stephen Greenblatt, George Schneider, Marc Slotnick, Selby Hickey, and Gerry Oppenheim.

The students, along with Miss Katherine Kharas and Mr. Donald Sutherland, stayed at the Commodore Hotel in New York. The convention was sponsored by Columbia University and the Horace Mann School.

Senior Judy Malone represented Newton High School on the television program, *Dateline Boston*, recently.

She was a member of the panel of high school seniors who discussed Governor Foster Furcolo's program for education in the Commonwealth of Massachusetts. She was chosen to be on the program on the basis of scholastic achievement, leadership, and the awareness of civic affairs.

analyzed appear to be significant.

In almost every community checked by this writer, Furcolo was the high vote-getter of the Democratic delegate slate. Congressional Majority Leader John W. McCormack was second, and Attorney General Edward J. McCormack, Jr., was third.

Behind them trailed such prominent public figures as Lieutenant Governor Robert F. Murphy, State Auditor Thomas J. Buckley, Secretary of State Joseph D. Ward, Democratic State Committee Chairman John M. Lynch and Robert F. Kennedy, brother of Senator John F. Kennedy.

Only a comparatively small percentage of the voters went to the polls for the Presidential Primary. Furcolo and the other members of the Democratic delegate-at-large slate were running unopposed.

Nevertheless, the vote cast reflected a fairly substantial expression of public sentiment in the State.

If Furcolo had been cut by the Democratic voters and had run behind other members of his slate, it would have been interpreted as a sign of weakness which boded ill for him in next November's election.

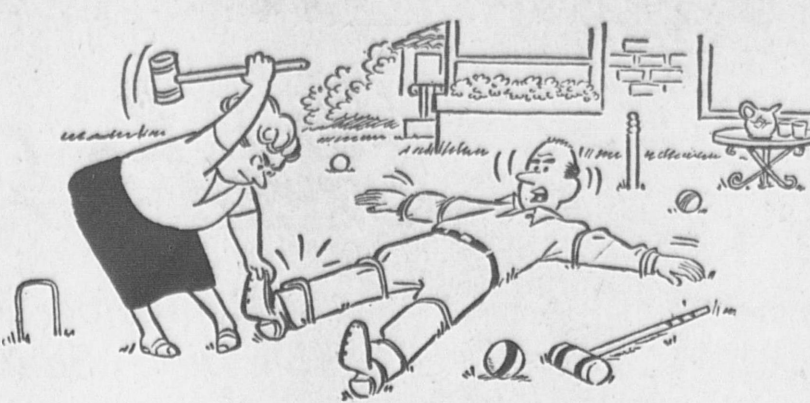

The fact that he was the high Democratic vote-getter, therefore, must obviously be construed as an indication of strength.

An interesting aspect to the returns is that even in those sections where public sentiment is believed to be against a sales tax Governor Furcolo, who sponsored a limited sales tax, ran ahead of Lieutenant Governor Murphy who strenuously opposed a sales tax.

Attorney General McCormack won election by the smallest plurality of any member of the Democratic State ticket in 1958. That was due primarily to the fact that McCormack had to win his office the hard way by defeating the strong man of the Republican slate in the person of former Governor's Councillor Christian A. Herter, Jr.

Now a tested and proven public official, McCormack clearly has strengthened his position substantially during the year and a half he has held office. He shapes up now as one of the dominant Democratic figures in the State.

However the returns from scattered cities and townships which have been obtained and State election.

"I think you're a very poor sport, Agnes!"

Political Highlights

(Continued from Page 1)

Ironically, Kennedy can't get a single West Virginia vote at the Democratic national convention, regardless of what happens Tuesday, because the State's entire delegation already is committed to Senator Lyndon Johnson.

While the people of West Virginia don't have the power to influence their own delegates, they can make a terrific impact upon the rest of the United States.

The prediction that Kennedy will prevail in West Virginia is based upon a careful analysis of all the factors which will play a part in influencing the voting in the State.

Too much emphasis has been placed upon the importance of the religious issue in West Virginia.

Despatch after despatch has pointed out that Senator Kennedy is making a crucial fight in a State where only 4 to 5 percent of the voters are Catholics.

That statement is true as far as it goes. But the fact also is that a very substantial percentage of the people in West Virginia don't go to any church or belong to any religion.

Perhaps there may be some religious bigotry in a State where a U. S. Senator is a former officer of the Ku Klux Klan.

However, it doesn't seem realistic to assume that there is much bigotry among those people who have no religion at all, and they make up a fairly sizeable portion of the population of West Virginia. In addition Kennedy has been endorsed by some Protestant clergymen in the State.

Several factors should militate in Kennedy's favor in West Virginia, and the very nature of the fight being waged there should help to build public sentiment for the Massachusetts Senator.

For one thing Kennedy is battling an opponent who is a stalking horse candidate. It is doubtful that many people in West Virginia believe that Senator Hubert Humphrey has any serious chance of becoming the Democratic nominee for President.

Secondly, Kennedy's real struggle is with Senators Lyndon Johnson and Stuart Symington who are battling him from the background but who clearly did not have the courage to come out and fight him in the open.

That may have been a fatal mistake for Symington and Johnson, for the Democratic politicians who want their party to win next November's election realize that election will be decided by the people in their polling places, not by politicians in smoke-filled hotel rooms.

West Virginia would have been a reasonably favorable battleground for either Johnson or Symington to engage in a test of strength with Kennedy.

Either Symington or Johnson might have knocked Kennedy out of the Presidential race by defeating him in West Virginia. Either probably would have had a better chance of besting him in the State than does Humphrey.

If Johnson and Symington were afraid to meet Kennedy in a State such as West Virginia, what confidence should other Democratic leaders place in their vote-pulling power or their ability to defeat Vice President Nixon next November?

Kennedy has employed two convincing arguments in his speeches to West Virginia Democrats.

His principal theme has been that he is the Democrat

who would have the best chance of defeating Nixon next fall. He has cited the popular polls to support that statement.

The Massachusetts Senator also has endeavored to reach the pride of West Virginians by telling them that if they support him it will be the first time in history that their State has nominated the Democratic candidate for President. That assertion probably is not as far-fetched as it sounds.

Franklin D. Roosevelt, Jr., hasn't hurt Kennedy any by campaigning for him down in the mines and up in the hills of a State where the late FDR is still a hero and where unemployment today is high.

This has been a rugged, two-fisted encounter between Kennedy and Humphrey.

Humphrey has offered himself as the people's candidate. He has charged that he is running against a millionaire with a blank check and a bag loaded with cash. That also is probably a telling argument with people who are living on surplus government funds.

If Kennedy is defeated in West Virginia by the kind of operation contrived by Johnson and Symington, it's likely to cause a tremendous amount of resentment among millions of voters who might well bolt the Democratic party.

Politicians and political writers recognize that the tactics employed by Johnson and Symington against Kennedy are standard procedure. But the vast majority of people don't understand that and are disposed to regard it as unfair and under-handed.

Democrats in Massachusetts will be waiting nervously next Tuesday night for the returns from the mining towns and hills of West Virginia. They know their party's chances in this State next November will be dealt a crippling blow if Kennedy is defeated for the Presidential nomination by an operation such as Symington and Johnson are attempting to execute.

This writer's prediction is that Kennedy will defeat Humphrey by a narrow margin and that it will start a swing to him around the country. The political chips really will be on the table next Tuesday. Don't be too astonished if Kennedy confounds the experts and picks them up.

Governor Furcolo Still Seen Strong

Governor Furcolo may be the kind of politician who loses most of the battles but wins most of the wars.

Between elections, when Furcolo's proposals are beaten down in the Legislature, the political experts report that his stock obviously is plummeting, and they imply that he probably will never get elected to anything again.

But whenever Furcolo's name goes on the ballot, he displays tremendous vote-pulling power which indicates that his standing with the public is as high as it ever was.

The pundits are revising upwards their estimates of the vote-getting strength of both Governor Furcolo and Attorney General Edward J. McCormack, Jr. after examining the returns from last week's Presidential Primary.

No state-wide tabulation yet has been made of the complimentary votes cast for the unopposed delegates-at-large to the Democratic national convention.

However the returns from scattered cities and townships which have been obtained and State election.

Academy Award winner Simone Signoret, who appears in her first American teleplay on CBS-TV's "G-E Theater" Sunday, May 8, attributes her current popularity in this country to the "language breakthrough." For so many years I have acted in French pictures," says Miss Signoret. "My pictures were in your art theatres. But then I made 'Room at the Top' (the picture she won the Oscar for) and speak English. Voilà! Everything changes."

Since coming here some three months ago, Miss Signoret has been swamped with TV offers. "Don't You Remember?" the title of her "G-E Theater" debut play, was one of many submitted to her. "But it was the only one that appealed to me," she says, "so it was the only one I did." In the show, Miss Signoret portrays a bitter woman who plans to avenge the negligent slaying of her husband and child, a far different role from the one she had in "Room at the Top." Says Miss Signoret, "The public won't love the woman I play in 'Don't You Remember?'"

Maybe not, but we at Lee Loumos, Inc., are sure you'll appreciate the dependable repair our service department provides. We're sure, too, that you'll appreciate the fact that our work is fast, keeping repair bills at a minimum, and letting you get back to TV viewing enjoyment quickly. Call us next time.

And remember, every Friday night from 7:30 to 8:30 is open house for demonstration of the new Thomas choral translator organ—hear it or play it yourself, you will be amazed at such versatility for so little money.

Police Capt. John N. McMullen reported that prior to forcing an entrance into the Kantar home, Hoffman had forced entry into the home of Charles G. After leaving the Arcand home police said, Hoffman removed a window screen from the home of Dr. John Kuns at 499 Boylston street, but failed to open the window.

Tax Rate Hike-

(Continued from Page 1)

Aldermen take only enough money from the reserve fund to peg the tax rate at \$60 or that they take enough to hold the rate at \$59.

Instead the Aldermen and Mayor followed a course half way in between Mother's recommendations.

"The Aldermen's vote Monday evening, in accordance with the recommendation transmitted by the Mayor to use \$900,000 of Newton's \$1,574,000 surplus to benefit the 1960 tax rate, merely indicates that the Board is not yet prepared to assume leadership in attempting a peg-the-tax-rate policy for Newton," Muther asserted.

"While we regret that the Board did not take a more explicit position, we have considerable hope that both the Mayor and the Board of Aldermen will develop other elements in such a policy as the years progress. They just missed the boat this time," Muther stated.

Maureen Boyle, John Lennon To Wed In July

Newton Nine Drops Three

The Newton High School baseball team which looked good registering early Suburban League wins over Arlington and Rindge Tech, ran into Brockton, Watertown and Waltham last week and lost three games in a row.

A throwing error gave Brockton a 6 to 5 edge over the Tigers last Tuesday. On Thursday Watertown counted a 13 to 1 win over Newton at Victory Field in Watertown. It was the worst defeat suffered by a Newton team in 15 years.

But on Friday the roof fell in. Waltham prevailed over the Garden City boys at Leary Athletic Field in a game which produced football figures—16 to 10—and lasted three hours and 40 minutes. The hits were 10 for Waltham and eight for Newton.

Newton might have won the game against Brockton, in fact outthit the Shoe City boys, 11 to 6. Bases on balls and key errors proved their undoing.

Dave Randall pitched five-hit ball for Watertown to hold Newton to a single run. His mates pounded the Tiger moundsmen for nine hits and were given 14 bases on balls and two errors to aid them in pushing the total to 13 runs. Shortstop Marty Ryan was the only Tiger batter able to solve Randall's "nothing" delivery and connected with three singles in four trips to the plate.

Jones Gives DeNucci Ten Round Lesson

The wily, old spoiler did it again.

Ralph (Tiger) Jones, the clever ring veteran from The Bronx, N. Y., engaged in his 81st professional fistfight engagement with young Joe DeNucci of Newton, and spoiled the latter's national TV debut by giving him a boxing lesson.

The unanimous verdict marked Jones' 50th victory. He bobbed and weaved out of range and when he straightened up he effectively used a left jab or hook to the head to pile up points, and hard rights to the body.

The New England area was supposed to be blacked out for the DeNucci-Tiger encounter which was staged last Friday at the Boston Arena where some 1390 paid to see it in living color. But the stay-at-homes saw it anyway.

DeNucci's followers said the defeat at the hands of the ring-wise Jones just pointed up the fact that the local batter keeps showing steady improvement and probably learned quite a lot from the willow-wisp Jones.

No-Hitter Features L L Opening Bills

The Little League season in Newton got off to a flying start with bands, parades and games featured by excellent pitching and some good slugging.

Lennie Finkel unfurled a no-hit game at Newton Centre Playground in the opener of the East Little League season as the defending champion Braves defeated the Senators 7 to 0.

Finkel, who is 12, struck out 10 batters in six innings and allowed only one base on balls. In the other half of the twin-bill the Red Sox downed the Phillies 8 to 1 as Smokey McLaughlin accounted for six runs with a homer and a single.

In the Newton North Little League doubleheader at Albernale Playground, Dave Biggiri allowed one hit and hit a homer as the Cardinals whitewashed the Dodgers 3 to 0. In the other game the Indians beat the Yankees 8 to 5.

The Newton West Little League opened its season with a twin bill at Gill Stadium and the Red Sox edged the Pirates 8 to 4 in an extra inning game. Percy Hollis tripled home the winning run.

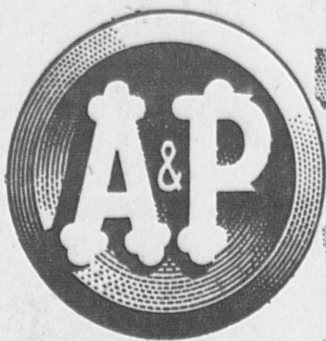

2 Tufts Students Held In Lasell College Robbery

Ball of \$1,000 each was set by Newton Judge Donald E. Mayberry for two Tufts College students who pleaded innocent to charges of breaking and entering at night time and larceny at an unused mansion on the grounds of Lasell Junior College in Auburndale.

Judge Mayberry found probable cause and ordered William Baskin, 21, of Lexington, and Stephen Gnospelius, 20, of North Quincy, held for the grand jury.

In the rear of the building police said they found two chandeliers, two hand carved statues, two sets of antlers and a moose head.

Girls Pass Swimming Tests In "Y" Special Instruction

Dr. Lawrence Macdonald, chairman of the Youth Building Program Committee, reported that nineteen girls completed tests at the conclusion of the third eight week course of swimming instruction for girls at the Newton YMCA.

Tests were passed in all five levels of the National YMCA Aquatic Program. A good many of the girls have had continuous participation in these instructional classes since the fall of the year.

Enrollments are still being accepted in the Minnow & Fish, and the Flying Fish & Shark classes for next term.

Susan Semrad passed her Shark test — the highest level taught in this series of instructions. She is now adequately prepared to begin work in Junior Life Saving. Susan has had continuous participation in swimming instruction at the Newton YMCA for the past five years.

Five girls passed their Beginner's test by displaying water confidence and the ability to perform a coordinated crawl stroke in water over their heads. They are: Diane Feffer, Jane Marcus, Mary Jane Pratt, Marion Quinlan, and Robin Siegel.

Nine girls who passed their Minnow instruction acquired ability to perform the backstroke and underwater swimming among the various new skills accomplished.

ONE MAN'S "PROBLEM"

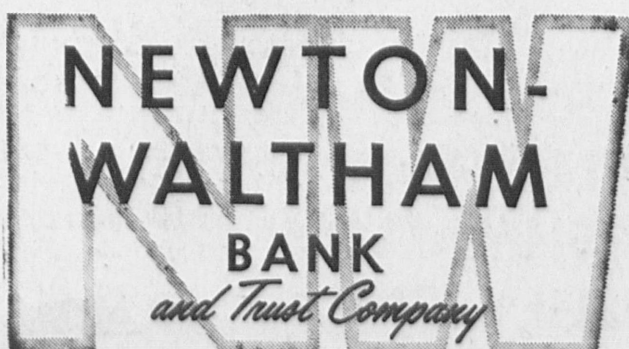

too Much Business!

This specialty store owner has good reason to smile. A few short months ago he almost sold out. Growing competition, the need for wider variety and better facilities kept profits dwindling. Today, his only "problem" is keeping up with the customers. What happened? A wise friend suggested a Small Business Loan at NEWTON-WALTHAM, the bank many New Englanders depend on. A chat with a courteous Small Business Loan Officer re-

vealed how a moderate loan could give him a fresh start—almost double his business in no time at all. The payment, arranged in 24 convenient monthly installments, he found surprisingly reasonable.

Fund Drive Still On To Preserve Historic Home

Comprehensive plans and fund raising continue in Newton with the dedicated purpose of restoring the historic Samuel Francis Homestead, the home for 47 years of the author of "America," better known as "My Country 'Tis of Thee"

Walter J. Kreske, president of the society, organized to reserve the venerable Newton structure, said this week that membership in the Samuel Francis Smith Homestead society had increased during the month of April to the total of 643 civic-minded local people who support the preservation of the house.

While recent campaign activity has been restricted to letters mailed to local citizens by the directors of the society, President Kreske told The Graphic that all contributions are welcomed. Membership fees for the year ending March 31, 1961, are one dollar for individuals, two dollars for "Mr. and Mrs." membership.

Interested residents may mail their membership donations to the Samuel Francis Smith Homestead Society, 1181 Centre street, Newton Centre.

The Samuel Francis Smith Homestead was the home for 77 years of the author of "America" (My Country 'Tis of Thee). The object of the Society is to restore this home to its original condition when built in 1836.

The original furniture which is now being stored will be repaired and refinished and the grounds will be landscaped. When the House is restored it

is the plan of the Society to have the house open to the public and for the use of qualified patriotic, charitable and youth organizations for meetings.

Gifts for the Restoration Fund will be welcome, with all gifts being fully deductible from Federal Income Taxes Mr. Kreske states. He further points out that "America" is sung in the majority of schools, churches and public gatherings throughout the United States and all over the world where Americans gather.

Restoring the home of Dr. Smith, will honor this talented writer who during the major part of his lifetime was a citizen of Newton and will memorialize his most famous writing. His hymn was first sung at Park Street Church in Boston 130 years ago.

Passes Civil Service Test

Ellen C. Doyle of 11 Highland park, Newtonville, placed third on a civil service list of persons eligible for promotion to the position of social work supervisor in the Boston Welfare Department, it was announced this week at the State House.

Newton Hits 93% of Easter Seal Goal

Newton area contributions to the 1960 Easter Seal campaign to date total \$6,608 or 93 percent of the local goal, Miss Ruth Burns, assistant vice president of Newton-Waltham Bank and Trust Company, Newton Centre, and area treasurer for the annual appeal, said today.

At the same time, Paul Sonnabend, vice president and operations manager of Hotel Corporation of America and campaign chairman, reported statewide contributions to the appeal at \$210,755, which is 84 percent of the goal of the Bay State Society for the Crippled and Handicapped.

"I am happy to report," said Sonnabend, "that this year the largest number of areas throughout the state have reached local goals that we have ever recorded, but the number of requests for services as a result of campaign publicity alone are of concern to us because of our limited budget."

"I hope that the statewide goal will be greatly oversubscribed within the next few weeks so that no crippled child or adult who needs help will be denied it."

WHY YOU SHOULD BUY YOUR VITAMINS IN A DRUG STORE....

(Reprint from "THE VOICE of the Pharmacists," March 1, 1960)

(Name) Vitamin Company Seizure

On January 22, the Food and Drug Administration seized about \$650,000 worth of vitamins of the (name) Vitamin Company based on the fact that claims made for the vitamin products in the (name) catalogues were not consistent with the labeling of the products and thus the products were misbranded.

Some of the claims made for the vitamins seized were "resistance to common colds, ophthalmic disorders, low vitality, loss of vigor, night blindness, tooth decay, bone deformities, sterility, muscular dystrophy, heart conditions, depression, skin disorders, neuritis, digestive disturbances, retarded growth and anemia."

However, by agreeing to destroy 78,000 newly printed catalogues, the company was able to regain possession of 29 million vitamin capsules, 15 five-gallon drums of vitamins and minerals and 525 sixteen ounce bottles of a vitamin preparation.

We trust that none of these catalogues are in circulation for if they are, the company should be forced to seek their return.

Other of the mail order-houses have been putting exaggerated claims in their catalogues and advertising and we trust the F.D.A. will keep a vigilant watch over these promoters and seek penalties which will more than just slap them on the wrist. The public certainly should be made aware of these violations.

When you require Vitamins consult with your Physician, then buy them at your Drug Store which is backed by years of Integrity and Experience.

\$59.60 Tax Rate Is Made Official

Newton's tax rate for this year was officially announced as \$59.60 by Mayor Donald L. Gibbs on Tuesday night.

This represented a \$4.60 increase over last year's figure of \$55.

A rate of \$59.60 or \$59.80 was forecast by The Graphic a week ago.

Mayor Gibbs formally disclosed that the rate will be \$59.60 at a dinner of the Newton Bankers' Association at the Brae Burn Country Club. Gibbs told his listeners that the average obtained from a computation of the tax rates of the first 150 Massachusetts communities to report their figures is \$73.60. That is exactly \$14 higher than the Newton rate, he pointed out.

Mayor Gibbs revealed that an increase of \$4 million in the valuation of taxable property in Newton made it possible to give the tax rate below the \$60 mark.

With a valuation of \$276 million, Newton is the fourth highest city in the Commonwealth in the matter of property value.

Gibbs listed three factors as primarily responsible for the \$4.60 hike in the Garden City tax rate.

1. A rise of \$900,720 in school costs. This represented a 12.3 per cent jump in the school budget.
2. An increase of \$285,586 in state and county assessments.
3. A rise of \$900,720 in school costs. This represented a 12.3 per cent jump in the school budget.

250 Attend Rotary Fete For Students

The Newton Rotary Club played host to the officers and members of the Honor Society at Newton High School at the club's regularly scheduled luncheon meeting held Monday noon at the Commonwealth Country Club. More than 250 people attended the affair.

The featured guest speaker was Dr. Abram L. Sachar, president of Brandeis University, who spoke on the subject "When Things Ride People". Dr. Sachar called the young people in attendance "one of America's greatest natural resources" and bade them help develop an American social pattern characterized as a "courage culture rather than a creature comfort culture".

The Youth Service and Community Service Committees of the Newton Rotary Club developed and implemented this unusual program at which the outstanding students were honored.

Gibbs And GOP Colleagues Blast Planned Gerrymander

"Outrage to City," Mayor Charges As Bill Sets Up Split For Newton Solons

A bill which would split Newton into two State Senate districts was the subject of bitter debate and dispute on Beacon Hill this week.

Mayor Donald L. Gibbs, who has remained in the Senate for the specific purpose of battling this particular measure, blasted it yesterday, as "an outrage to the City of Newton."

Gibbs angrily assailed the Gerrymander plan as "the most dastardly thing I have ever seen attempted on a city in modern times."

"It's as phoney as a \$3 bill," asserted Gibbs in his attack on the proposal which is designed to strengthen Democratic control of the Senate.

Despite the strenuous objection of Gibbs as well as other Newton leaders and virtually all the Republican legislators at the State House, the measure apparently is headed for final passage in the Senate.

But it may face a hard fight in the House of Representatives where many Democratic legislators have expressed misgivings about the plan.

NJC Students Pick Adlai And Nixon For Pres.

Students at Newton Junior College favor Richard M. Nixon and Adlai Stevenson as Presidential nominees for the Republican and Democratic party, respectively.

Both were nominated on the second ballot at a mock political convention held at Clavin School auditorium.

Votes were (D) Stevenson 100; Kennedy 73; Talmadge 7; Johnson 2; Humphrey 2 and Symington, 1. (R) Nixon 92; Rockefeller 73 and Goldwater, 5.

Wards 2, 3, 4 and 5 of Newton would be linked with Needham, Dedham, Wellesley and Weston in a newly fashioned senatorial district. Needham, Dedham and Wellesley now are part of the area served by Republican Senator Leslie B. Cutler of Needham.

Wards 1, 6 and 7 of Newton are to be tied in with Brookline and the Ward 22 section of Brighton. Brook-

Two Blazes Cause Loss Of \$20,000

Two fires which caused damage in each instance of \$10,000 were battled this week by the Newton Fire Department.

A flash fire in a moulding machine was blamed for the blaze which forced 50 women employees to flee to the street from the Ucinite Co., building at 459 Watertown st., Newton. Many of the women groped through thick smoke to reach safety.

Bessie Cedrone, 28, of 19 Jones ct., Newton, was treated in the first aid room for a burn on her right arm.

The company is engaged in making component electronic parts and is a subsidiary of the United-Carr Fastner Co.

In Auburndale, damage of \$10,000 was caused by flames which swept the upper part of a two-family dwelling at 333 Lexington st. Nine occupants were driven out.

Flames broke through the roof and fire fighters battled the blaze for over three hours. Chief Frederick A. Perkins Jr., said an undetermined cause in the attic of the 2½ story building was responsible.

Local Educator Goes To Pakistan Position

DR. HARRY H. CROSBY

Dr. Harry H. Crosby, of Newton, a Boston University professor and Air Force reserve lieutenant colonel, has been appointed educational advisor to the Pakistan Air Force and director of studies for Pakistan's Air College.

He has been granted a year's leave of absence from the university and will leave on May 28 for Pakistan, where he will assume his new post.

The Newton educator's appointment was made possible by a grant from the Asis Foundation, a philanthropic organization in San Francisco. At the Air College he will be in charge of recruiting faculty and improving the curriculum, in line with the national policy of improving Pakistan's educational system.

Dr. Crosby received his B.A. and M.A. degrees from the University of Iowa, and Ph.D. from Stanford University. He was on the faculty at the University of Iowa prior to coming to Boston University.

He resides with his wife and four children at 48 Ruth-

Population In Newton Is 90,086

Newton's population has jumped to 90,086 according to a preliminary announcement made today pertaining to the census count taken on April 1.

The 1950 Federal census credited the Garden City with a population of 81,994. The 1955 state census tabulated Newton residents as 86,535.

Frank R. Wasson, Census District Supervisor, U.S. Department of Commerce, Bureau of Census advised Mayor Donald L. Gibbs as follows:

The figure (90,086) is substantially correct but is subject to revision after the returns for non-residents are credited to their proper locality and other routine checks have been made. A significant revision is unlikely. However, a minor revision may possibly occur after careful examination of the returns.

Mayor Gibbs was given to understand that the City of Newton was the first of our size to have its census count announced.

GOP Dinner Planned For Whitmore

The Totem Pole Ballroom in Auburndale will be the setting for a reception and dinner for former Newton Mayor Howard Whitmore Jr., candidate for the Republican nomination for governor. It will be held on Thursday May 26 from 7 to 9:30 p.m. Mr. Whitmore will deliver a major address.

Invited will be all the newly-elected GOP delegates scheduled to attend the State Convention in Worcester on June 11. All city and town Republican committee members also will be welcomed.

The non-partisan "Friends of Whitmore" are staging the reception and dinner. The

Newton Teachers To Seek Salary Boosts

The Newton School Committee met Monday to hear a delegation of 10 members of the Newton Teachers Association indicate that requests would be forthcoming within the next year for higher teachers' pay.

The delegation, which did not make any specific salary recommendations, was headed by Eugene Ferguson, head of the Newton High School Mathematics Department and chairman of the Newton Teachers Association Salary Policies Committee.

He urged increases at various points in the pay scale to enable Newton to compete with its neighbors as well as comparable communities across the country in search for good teachers.

Mr. Ferguson pointed out that Brookline's minimum salary is \$400 more than Newton pays. He also stressed the value of merit pay.

"The minimum we think is too low," Mr. Ferguson said, "and the \$250 a year increase is probably too weak. Until you raise the minimum, the good teachers will pass us by."

However, School Committee members question whether the City could afford to meet such demands in the near future.

Haskell C. Freedman, School Committee chairman, said that 85-87 per cent of the tax money which supports Newton

Newton Republicans are planning a grand slam, old-fashioned pre-convention rally to be held at Norumbega park, in Newton, on Sunday, June 5th from 3 to 6 p.m.

Edward C. Uehlein, president of the Newton Republican Club, announced that an elaborate program of outdoor and indoor activities is being planned under the sponsorship of his organization and the Newton Women's Republican Club, Adelaide B. Ball, president. President Ueh-

lin also released the names of committee members today.

Whitmore. Others to be on the program are: Mayor Donald L. Gibbs; Daniel E. McLean, chairman, State Republican Committee; Representative Arthur G. Heaney; Representative George E. Rawson; Representative Irene K. Thresher, and Representative John W. Whitmore.

A program of interest to young and old alike is being readied with refreshments for all, merry-go-round rides and pony rides for the children. Children under twelve will be admitted free.

POLITICAL HIGHLIGHTS

By JAMES G. COLBERT
Former Boston Post Political Editor

Newton Is Political Victim Of Senatorial Gerrymander

It's likely to be a long time before any resident of Newton sits in the State Senate again if the proposed new Gerrymander plan is enacted into law.

It's improbable that any Newtonite could be nominated as either the Democratic or Republican candidate in the new district which would comprise Brookline, the Ward 22 section of Brighton and Wards 6 and 7 of Newton.

In that district the preponderance of Republican votes will be in Brookline and the bulk of Democratic strength in Brighton.

Rawson Raps Primary Waste

Rep. George Rawson of Newton maintains that the Presidential Primary in Massachusetts must be made to work or be abolished, and announces he will file a bill in the legislature next year to make it work.

He said the bill will be similar to one he introduced in 1948 which provided that any candidate for President be required to file a slate of delegates pledged to him. Such delegates would be required to vote for the candidate at the convention until released in writing by him or his agent.

"Newton's 7.9 per cent was a fraction lower than the state-wide average," Rawson said. "Either the Presidential Primary ought to be made to work or it should be abolished as a waste of the taxpayers' money and a travesty on free government."

Science Fair—

(Continued from Page 1)

The Newton Chamber of Commerce and the Oak Hill Park Association were registered in favor of the zone change. Listed in opposition was the Oak Hill District Improvement Association. Residents in attendance were recorded 69 to 29 against the change in zone.

Sylvania requested that the 183 acres of the Shaw Estate be changed from Residence "A" to Limited Manufacturing District.

Last week the Chamber's Industrial Development Committee released a detailed analysis of the proposal and unanimously recommended approval on the grounds the planned Sylvania Science Center represents "the best use of the land in the interests of our city, our citizens, and their economic future."

In its analysis the Committee said employment in Newton would be increased by 3,500 by 1970 and up to \$20 million would be added to Newton payrolls. It added that Newton needs industrial development as a major stimulant to economic growth since the net municipal income derived from industrial property is far greater than that from residential.

Former Alderman Richard H. Lovell represented Sylvania at the hearing. He said the company wanted the Newton location "because it is close to their present rented quarters in Needham, accessible for all their employees and still close to the educational centers in Boston of which their people have many ties."

Lovell said the Newton site is across the Charles River from Sylvania's Needham site where about 4,000 employees are engaged.

"They want this to be an outstanding location," Lovell said, "which, like a college campus will provide an ideal sheltered, outstandingly attractive environment for the advanced thinking, planning, research and scientific brain power they will assemble there."

John J. Davin, operations facilities engineer of the Data Processing Division of Syl-

vania, said plans call for erecting the first of four buildings in 1961 at a cost of \$5,600,000. If approved, proposed new roads would remove about 50 percent of the traffic from Nahant St., Mr. Davin said.

The detailed study of the Chamber of Commerce was outlined by George L. White of Newton, president of the Newton-Waltham Bank and Trust Co.

James P. D. Waters, president of the Oak Hill Park Association, reported the members voted 85 to 37 in favor of the project.

Charles J. Kickham Jr., secretary of the Charles River Country Club, said the club is neither for nor against the plan.

Opposition to the change of zone petition was led by Jack M. Roberts of Newton Highlands, president of the Oak Hill District Improve-

ment Association. He said the district is exclusively residential and not suited for industrial use. He said the area should be taken for park purposes.

Mr. Roberts said the vote of the membership was 40 to 14 in opposition to the request.

Leonard E. Rosendorf of Newton Highlands listed the Winchester Street Associates in opposition to the plan. He reported he had obtained signatures of 85 residents to an opposing petition. He said rezoning would set a bad precedent and that the approaches to the site are too narrow.

Eric H. Hanson of 239 Wiswall Rd., a past president of the Oak Hill Park Improvement Association, expressed fear a proposed new road would lead to industrial use of additional land in the vicinity.

Blast Bill—

line is part of the district represented by GOP Senator Joseph Silvano, while all of Newton and the Ward 22, Brighton, area are presently in the district of Mayor-Senator Gibbs.

Republican leaders are planning to challenge the validity of the new redistricting scheme in the courts if it is approved by the two branches of the Legislature and signed into law by Governor Furolo.

Legal experts differ in their opinions as to the strength of the case which could be presented in Supreme Court by the GOP.

One thing on which practically everyone is agreed is that a terrific amount of political confusion will be created in many sections if the senatorial redistricting

bill is enacted and becomes effective for next November's election.

Prospective political candidates will be obliged to revise their plans or to campaign in new districts.

Nomination papers which will shortly be printed for the present senatorial districts would have to be scrapped.

Several prominent Newton Republicans who have been planning to stand for election to the State Senate next fall would be forced to run against sitting GOP Senators in the primary if they go through with their plans.

Representative Irene K. Thresher, Representative Arthur G. Heaney and Republican City Committee Chairman Carleton Merrill all would find themselves in the same senatorial district with Senator Leslie Cutler under the Gerrymander.

Thurs., May 12, 1960, The Newton Graphic

Page 3

School Committee Chairman Haskell C. Freedman, on the other hand, would be thrown into the same district with Senator Silvano.

A serious question also would be posed as to the legality of some of the elections to the Democratic and Republican State Committees if the proposed new lineup of State Senate districts becomes effective.

Some of the new senatorial districts would have three or four Democratic State Committee members, while others would have none at all.

For example, Douglas Danner of Newton was elected to the Republican State Committee last month from the Gibbs district, and Francis E. Eaton of Needham was elected to the GOP committee from the

Cutler district. Danner and Eaton would find themselves in the same senatorial district if the Gerrymander becomes law.

But the law provides that the State Committee of each political party shall consist of one man and one woman from each senatorial district.

Some political experts believe it might be necessary to hold a new State Committee election to untangle the muddle, but the law stipulates that the State Committee members shall be elected at Presidential primaries.

Political Highlights

(Continued from Page 1)

The possibility also is pretty remote that any Newton Republican would be able to defeat State Senator Leslie B. Cutler for the GOP endorsement in the new senatorial district in which Wards 1, 2, 3, 4 and 5 of Newton will be a part.

That district, of course, will be overwhelmingly Republican and the Democratic nomination would be worthless.

Of all the cities and towns in Massachusetts, Newton is being most unfairly treated under the redistricting plan. It is the only community which is being broken up and divided between two senatorial districts.

That is virtually certain to arouse some resentment on the part of Democrats as well as Republicans.

If all of Newton were being added to Mrs. Cutler's district, Garden City residents would not have so much ground for complaint.

That, presumably would destroy the balance of political power which Democratic Gerrymander planners are seeking to achieve.

So Newton is being made the stepchild of the maneuver.

See Stiff House Fight On Senate Gerrymander

Even though the House of Representatives is overwhelmingly Democratic, the bill to revise the State Senate districts is virtually certain to face a stern battle there.

Some of the Democratic House members are not at all enthusiastic over the proposed changes in certain of the senatorial districts.

A number of them recognize that their own chances of achieving promotion to the Senate at some time in the future would be lessened and perhaps eliminated entirely if the redistricting plan is enacted into law.

Others are somewhat wary about the reaction of their constituents over being shifted from one senatorial district to another.

Republican members of the House undoubtedly will vote in a bloc against the Gerrymander measure. If enough Democrats join with them or absent themselves when the vote is being taken on the matter, the count may be extremely close.

If the bill is enacted into law, the Democrats probably will retain control of the Senate for some years to come.

The fact that the Democrats have lost two seats in the Senate since the 1958 State election and that their margin in the body now is only 22-18 has increased the determination of Democratic chieftains to accomplish the passage of the bill and will make it somewhat more difficult for Democratic legislators to vote against it.

Last year, when the Democrats controlled the Senate by a 24-16 margin, some Democratic strategists were content to permit the senatorial district lines to remain unchanged.

Two defeats in special senatorial elections, however, influenced the Democratic leadership in the Senate to go through with the fight to strengthen their party's grip on the upper legislative chamber.

Republican chieftains, who do not have enough GOP votes to block the passage of the bill in either the House or the Senate, believe they may be able to have it ruled invalid by the courts.

They are mapping out a court fight based on the contention that the Senate districts cannot legally be changed this year.

Carol R. Berman of Newton was a member of the dancing chorus for the Ithaca (N.Y.) College production of the musical comedy "Pajama Game." Miss Berman, daughter of Mr. and Mrs. Benjamin Berman of 15 Shuman circle, is enrolled in the Drama Department at the college.

Whitmore Urges State Dept. Of Transportation

Ex-mayor Howard Whitmore Jr., a candidate for the Republican gubernatorial nomination, proposes establishment of a state transportation department to co-ordinate all transportation functions.

The former Newton Mayor made the proposal while speaking to student members of the Politics Club at Northeastern University.

"One of Massachusetts' main problems," he said, "lies in not solving the whole problem of transportation in the State, and particularly in Boston."

He maintained that Boston's MTA problem could be handled by designing a program attractive enough to draw the 13 communities around Boston into helping with the up-keep of the transit system.

Some of Whitmore's other views are: that the State should help support an educational program perhaps through junior colleges and other schools which would train students for future positions in the new plastics and electronics industries coming into the state; and that the State should make use of existing educational facilities, and plan ahead for the building of new schools.

TELEVIEWING THE NEWS

By LEE LOUMOS

John James Audubon, the noted ornithologist, was very disturbed when Internal Revenue officers took a flask of whiskey away from him while he was riding a Missouri riverboat through "dry" territory. And Charles Dickens, who traveled the Mississippi aboard another riverboat, summed up the cruise with a terse "uncivilized." On the other hand artist George Catlin so thoroughly enjoyed his riverboat roaming that he talked dozens of foreign dignitaries into taking the "grand tour" of the Ohio, Missouri and Mississippi Rivers. Because they rode the boats, some of history's most noted figures will be portrayed on the NBC-TV "Riverboat" series dealing with the romantic, colorful and sometimes uncomfortable life led aboard the sternwheelers. The famous names are being worked into the storylines in a casual manner to add touches of drama and authenticity.

Young Louis Philippe of France and two brothers traveled from Pittsburgh to New Orleans. River legend has it that when a barge got stuck one of the brothers yelled into the royal cabin: "Here, you kings there, set yourselves up and help us shove this — barge off the bar!" According to the story the royal gentry obeyed orders and enjoyed it. You'll enjoy your favorite television programs more if your TV set is in perfect operating condition. At Lee Loumos, Inc. our service technicians are thoroughly experienced in repairing all makes of TV sets. And you'll find our service fees reasonable. Try us next time.

And remember, every Friday night from 7:30 to 8:30 is open house for demonstration of the new Thomas choral transistor organ—hear it or play it yourself, you will be amazed at such versatility for so little money.

Dr. Tewksbury Named Head Of Lasell Junior College

Appointment of Dr. Blake Tewksbury, a descendant of the founders of the town of Tewksbury, Mass., as third president and eighth head of 109-year-old Lasell Junior College in Newton was announced this week by the Lasell Board of Trustees.

He will succeed Dr. Richard M. Packard, chairman of Lasell's Social Studies Department, who has occupied the post on an acting basis during the current year. The

appointment will be effective July 1, 1960.

Dr. Tewksbury is president of Keystone Junior College in LaPlume, Pa., which he joined in 1940 as registrar. In 1943 he was advanced to vice president and two years later as president of Keystone which is one of the leading junior colleges in Pennsylvania. In 1954, Dr. Tewksbury received an honorary Doctor Laws degree from Bucknell University.

DR. BLAKE TEWKSBURY

Dr. Tewksbury was graduated from Bowdoin College in 1934 with the degree of Bachelor of Arts, receiving honors in Latin. He held teach-

ing posts at Milo, Me., at Thornton Academy in Saco, Me., and at the Rye Country Day School, Rye, N. Y., from 1934-40.

After completing some graduate work at Harvard University, he received his Master of Arts degree from New York University in 1940, majoring in educational administration.

Descendant of Town Founders

Born in Auburn, Me., Dr. Tewksbury is the son of the late H. J. R. Tewksbury, for many years editor of the Portland (Me.) Sunday Telegram. The family is descended from the founders of Tewksbury.

Mrs. Margaret H. Ricker of Buckfield, Me., is a graduate of Boston University and taught several years prior to her marriage. The couple has two sons, Blake Grayson and Mark, 16 and 14.

Dr. Tewksbury has served as president of Junior College Council of the Middle Atlantic States and the Pennsylvania Association of Junior Colleges.

He recently completed his second three year term as a member of national board of directors of American Asso-

Miss Sue Anne Draisin, daughter of Mr. and Mrs. Wilbur M. Draisin, 23 Pierrepont Rd., Newton Lower Falls, and a junior in Newton High School, has received official notification from the American Field Service headquarters in New York that she has been selected as an Exchange Student for 1960-61 and that she will do her entire senior year in the high school in Drammen, Norway.

At Newton High School, Sue is a resident of Palmer House, and is the home room manager. She is the junior representative to the associate

clation of Junior Colleges, and member of executive committee of Middle States Association, the area accrediting agency.

He is a member of the Lackawanna Trail Joint School Board and the Scranton Kiwanis Club. In recent years he has served on Gov. Leader's committee on educational problems in Pennsylvania and the Regional White House Conference group. He has traveled extensively in this country and abroad.

SUE ANNE DRAISIN

council and serves in the Leader Corps. Last fall she represented the Student Council in a government exchange to Sachem High School in Sachem, L. I., New York.

Sue plays the clarinet in both the marching band and the concert band, a member of the executive staff of the band organization and handles the band publicity. She sings in the Mixed Chorus and participated in the recent performance of Gilbert and Sullivan's "The Gondoliers" which was presented in the high school auditorium. Sue is also a member of the advertising staff of the school paper the Newtonite.

In her sophomore year Sue was the Representative to the Parent-Teacher Student Association, class representative on the American field Service student committee and a member of the sophomore dance committee.

Sue attended Warren Jr. High where she was outstanding in many of the school activities as well as being an honor student. In her ninth grade Sue was elected by her classmates as the School Community Girls' Vice President, she received the Girls Music Award for outstanding service in vocal and instrumental activities, she was awarded the School Honor Pin given to those who earn sufficient points in service and citizenship, and the Lt. Simon Surabian Award for top performance in athletics and citizenship.

This award was established in memory of Lt. Surabian who had been a teacher and athletic coach at Warren prior to his entering military service. He died in action.

She's interests and services were not confined to her home and school life. They extended into the community and for the community service she received from the Order of Elks, the Elk Award consisting of a pin and a certificate for good citizenship. She is also treasurer of the Jawyn Club which is affiliated with the Boston Association for Retarded Children.

Last summer Sue attended Boston University's Sargent School Camp in Peterborough, N. H. as a Counselor-In-Training and this summer she will be a full-fledged Junior Counselor.

Annual 'Pops Night' To Be Sponsored By Music School

The All Newton Music School "Night at Pops" will be held at Symphony Hall on Tuesday evening, May 31. Invitations are in the mail this week for this gala event.

School officials call attention to the fact that for the first time in the history of the affair, invitations this year are mimeographed rather than engraved. This is done so that every cent of possible profit will go towards the development of the school, a non-profit organization which serves more than 500 children and adults in the Newton area.

Founded in 1911 by Miss Elizabeth Fyffe, the school is supported in part by the United Fund with additional help from public-spirited citizens.

As the school approaches its 50th anniversary under the present musical direction of Mrs. Anne Gombosi, every room in the building at 398 Walnut street, Newtonville, is in use, and more space is needed.

Instruction in bassoon, oboe and classical guitar is now available, and new classes in theory-recorder and guitar and folksong for adults and children have also been started. Additional teachers of clarinet, viola and piano have joined the faculty this year.

Assisting Mrs. Douglas Danner of the Board of Trustees of the Music School, chairman of Pops Night for the second year, are Miss Gretchen Clifford, president of the board, Morris L. Brown, treasurer, and Mrs. Ernest F. Dietz, Mrs. Champe A. Fisher, Mrs. Edward W. Pride, Jr. and Mrs. Gerald M. Swartz, all trustees.

Mrs. Milton W. Homolsky, president of the Parent's Association of the School, heads

a committee of the parents group all working toward the success of the Pops benefit.

Recital Wednesday

Spring activities at the All Newton Music School include student recitals every Saturday and Sunday afternoon in the Elizabeth Fyffe Hall at the school, 398 Walnut Street, Newtonville. Barbara Yeo, flute student, will present a program tonight.

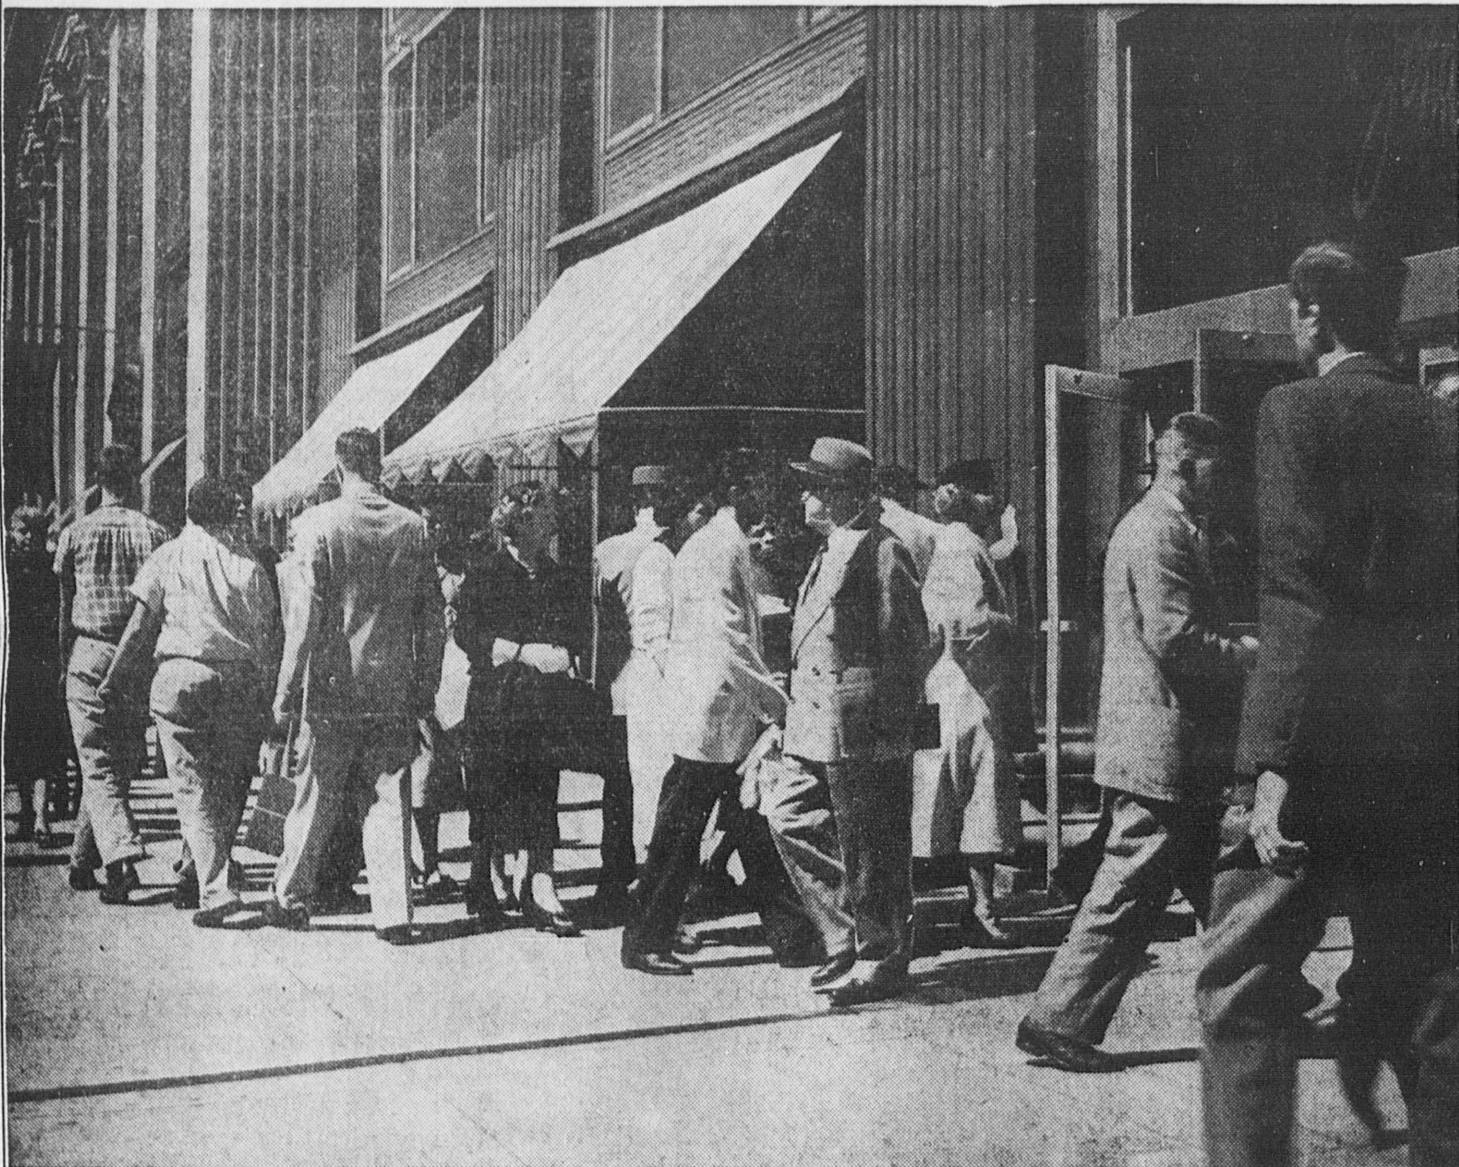

The annual Spring Concert of different orchestras will be held on Wednesday, May 18, at 8 p.m., at the Newton Centre Women's Club, 1280 Centre Street. Soloists will be, Martha Bilezikian, Michaelino Lentino, Elaine Woo, pianists; Elisabeth Seidenberg, violinist; and Stephen Custer, cellist; and Barbara Yeo, flutist.

★ ONE MAN'S "PROBLEM" ★

too Much Business!

This specialty store owner has good reason to smile. A few short months ago he almost sold out. Growing competition, the need for wider variety and better facilities kept profits dwindling. Today, his only "problem" is keeping up with the customers. What happened? A wise friend suggested a Small Business Loan at NEWTON-WALTHAM, the bank many New Englanders depend on. A chat with a courteous Small Business Loan Officer re-

vealed how a moderate loan could give him a fresh start—almost double his business in no time at all. The payment, arranged in 24 convenient monthly installments, he found surprisingly reasonable.

Tigers End Four Game Loss Streak

The Newton High School nine absorbed four losses in a row and then bounced back with a roar against Cambridge Latin to snap its losing streak and win 11 to 7.

Four home runs, a triple and four singles accounted for the

Tiger runs. It was Newton's third Suburban League victory against five defeats, while the record of the Cambridge team is 5-3.

In an earlier game against Brookline High, Newton pitchers allowed only six hits but issued 12 bases on balls and Brookline won 11 to 5.

EDW. F. McLAUGHLIN
Edw. McLaughlin Enters Race For Lieut. Governor

Boston City Council President Edward F. McLaughlin, Jr., has entered the race for the Democratic nomination for Lieutenant Governor and already has been assured of substantial backing in his bid for that office.

One of the most respected young Democratic leaders in Massachusetts, McLaughlin is now serving his second successive year as head of the Boston City Council.

He is the only person to be honored twice by election to the presidency of Boston's Plan A Council.

McLaughlin has been Acting Mayor of Boston when Mayor Collins was out of the city this year and when former Mayor Hynes was away from the Hub in 1959.

A practicing attorney, McLaughlin is a graduate of the Boston Latin School, Dartmouth College, the Tuck School of Business Administration at Dartmouth and Northeastern University Law School.

He served for three and a half years in the navy during World War II and was attached to the same PT-Boat Flotilla as Senator John F. Kennedy in the South Pacific.

McLaughlin is a former Assistant U. S. Attorney serving from 1950 to 1953 and he participated in the prosecution of a number of major cases, including the federal investigation of the Brink's robbery.

Recently McLaughlin was elected as a delegate to the Democratic National Convention from the 10th Congressional district. He is pledged to support Senator John F. Kennedy for the Democratic nomination.

Council President McLaughlin is a close personal and political friend of Senator John F. Kennedy and has taken an active part in all of Kennedy's campaigns.

The son of the late Fire Commissioner Edward F. McLaughlin, for years one of Boston's best known and most respected public figures, the Councilor made his first run for public office in 1953.

He was elected to the Boston City Council that year and was reelected in 1955, 1957, and 1959, showing increasing strength in each election.

McLaughlin makes his home in Jamaica Plain, is married and the father of five children.

He has won widespread commendation for the manner in which he has conducted the Boston City Council proceedings both this year and last.

"After very careful deliberations, I have decided that I can be of greatest service to the Democratic Party by standing for election to the office of Lieutenant Governor," McLaughlin declared. "Consequently, I shall be a candidate for that office."

Bowen School Music Week Swings Through Tomorrow

The annual Spring Music Week is in full harmonious swing at the Bowen School this week; it opened on a fine note on Monday and will conclude tomorrow. Children at the school have participated in many fine musical experiences throughout the week with still additional events planned for today and Friday.

The assembly programs include: (1) a family ensemble program; (2) a performance by the Choral Group, composed of talented children from Grades V and VI, under the direction of Mrs. Anita Malina; (3) a performance by the combined Bowen and Memorial School Orchestras, conducted by Mr. George Napoli; (4) a program of folk singing, led by Mrs. Ethel Vulgamore, a Music Supervisor for Newton Schools; (5) an open meeting of the Bowen Music Club, presided over by:

Mrs. Samuel Stubbs and Mrs. Samuel Citron, in which some of the mere advanced music pupils at Bowen will play; (6) a demonstration piano class under the direction of Miss Marion Child Greene, Class Piano Teacher for Newton Schools; and (7) group singing by classes.

Mrs. Samuel Stubbs was in charge of the family ensemble program last Monday in which the following family groups participated: Mr. Harold Kaswell, Sue and Norman; Mrs. Frank Chambers and Ann; Mrs. Alex Wallace and children; Mrs. William Gould and Laurel; Mrs. Burton Sacks and Stephanie; Mrs. Benjamin Lofchie and Marcia; Mr. Fred Greene and Payson; The Daum Family; and Mrs. Samuel Stubbs, Fred and Virginia.

Tuesday morning the Weeks Junior High School Marching Band, directed by Mr. Raymond Smith and Mr. Donald March, played for the children while marching to and through the school, ending with a performance at the Bowen kindergarten playground. Tomorrow morning a brass group from Boston University will play and explain their instruments for each class.

Interesting and educational displays from the Museum of Fine Arts and from the DeCordova Museum are located throughout the school building.

Music Week at Bowen was organized by the Arts and Culture Committee of the Bowen P.T.A. Chairman of the committee is Mrs. Alfred Bickelman, who deserves the special thanks of all Bowen parents for the unusual initiative and imagination she has shown throughout the year in bringing varied and numerous cultural activities to the children. Members of her committee are Mrs. Bernard Bergman, Mrs. Edward Chyten, Mrs. Edward Schwartz, Mrs. Seymour Silver, and Mrs. Samuel Stubbs.

Others who are cooperating to make Music Week at Bowen one of the outstanding events of the school year are Edward Clarke, principal; Mrs. Virginia K. Tomorrow marks the conclusion of two extra weeks of service given by the Newton Federation of Women's Clubs volunteers for the Newton Tuberculosis and Health Association. The women have been helping in the physical examination program which has been conducted at the Newton High School.

Mrs. David Weisberger, Christmas Seal Chairman for the Federation organized the volunteer program and helped to recruit women for the two week period.

Mrs. Frederick Seeton, Mrs. Joseph Lunny, Miss Fanny Garrison, Mrs. Maud R. Kemp, Mrs. Walter Smith, Mrs. C. David Gordon, Mrs. Arthur Wood, Mrs. George Rawson, and Mrs. Emidio DeLollis helped the program to run smoothly by acting as a go-between between students and medical personnel.

The annual meeting of the Bowen P.T.A. will be held at the school on Thursday, May 19, at 7:45 p.m. A varied program has been planned for the evening, beginning with a fifteen minute concert by the school orchestra, under the direction of George Napoli.

Following this, representative members of the Boy Scouts, Cub Scouts, Brownies, Campfire Girls, and Blue Birds will participate in a Flag Ceremony led by Mr. Daniel Gordon. This ceremony was initiated at last year's annual meeting and proved to be a colorful and inspiring event for the children and parents.

At 8:10 p.m. Mr. Samuel Sacks, President of the Bowen P.T.A., will preside at a short business meeting devoted to the nomination and election of officers for the coming year. After the business meeting, a Choral Group, organized by Mrs. Anita Malina and composed of talented children from Grades V and VI, will give a short but enjoyable performance. Next, Miss Helaine Breivogel, Head of the Newton Physical Education Department, will report on the results of the Physical Fitness Tests given this year to Bowen children.

Washington—It will require another 50 years to complete the job of mapping the nation at the present rate, according to the U.S. geological survey.

Hundreds of guests were greeted at the open house event at West Newton Savings Bank by a distinguished welcoming committee headed by Roland F. Gammons, chairman of the board, and Kenneth W. Rogers, president. The officers, trustees and corporators joined with all members of the staff in showing visitors through the new offices which are approximately doubled in customer area. Additional innovations include an enlarged Safe Deposit Department, extra Teller stations, and a special rear entrance to the bank from the parking area.

14 Month Task
In February, 1959, the important program of remodeling got under way with the opening of bids on the architect's plans. In the intervening 14 months, the length of the building has grown to 140 feet and extra space has been arranged for customer interviews and services.

A new main entrance has been constructed with snow-melting equipment and a host of improvements has been introduced to expedite service and add to customer conveniences.

100% Growth
The West Newton Savings Bank has had an outstanding record of growth. Assets have grown in the past 10 years from over \$14 million in 1950 to over \$29 million in the bank's latest statement of condition for April 15, 1960.

The bank is the only financial institution in the Newtons with evening hours, Friday nights from 6 to 8. Services during evening hours include all the full-time daily features as follows: Savings Accounts, Mortgage Loans, Personal Loans, Safe Deposit Department, Savings Bank Life Insurance, Vacation, Christmas and Tax Clubs, U. S. Savings Bonds, Personal Money Orders, Travelers Checks and Foreign Drafts as well as Save-By-Mail Plan.

The substantial progress of West Newton Savings Bank has been a result of the loyalty and valued patronage of its ever-widening circle of friends. In appreciation of this friendship the bank has now provided its customers with an enlarged and modernized building.

Safety For Savings Is Watch-Word

The history of West Newton Savings Bank began early in 1887 with an informal meeting of prominent citizens at the home of James H. Nickerson, its founder. Mr. Nickerson, a man of rare vision and foresight, first brought banking to the community when he organized the First National Bank of West Newton, which opened for business in January, 1887.

He and his associates soon realized that the "scope of the institution was not broad enough" and decided that a mutual savings bank would be most effective in providing for the thrift and home financing requirements of the community.

Noted Jesuit Geophysicist To Speak Here

Rev. Daniel Linehan, S.J., director of Weston Observatory, will be the guest speaker at the annual meeting and banquet of the Corpus Christi Guild of Auburndale to be held tonight at the Woodland Country Club.

Father Linehan is a brilliant geophysicist whose scientific travels have taken him to every continent of the world.

A native of Beverly, he was educated at Boston College, Western College and Harvard University. In 1958 he was awarded the U. S. Navy Distinguished Public Service Award. In 1954 Father Linehan went to the Arctic as geophysicist on the Dow Expedition. In the winter of 1954-55 he travelled as geophysicist on the U. S. Navy Expedition to Antarctica. From 1955-1958 he accompanied the U. S. Navy Operation Deepfreeze.

Father Linehan has made many "firsts" in Antarctica. He was the first to measure the thickness of the ice at the South Pole; to celebrate Mass on the bare earth of the continent and also at the Pole; he officiated at the first Baptism in Antarctic waters and was one of the first five, if not the only one, to completely circumnavigate the continent.

Father Linehan's lectures are accompanied by Kodachromes taken in these lands and many of his pictures have appeared in various publications, notably Life and Saturday Evening Post.

The campaign will raise money to be used to provide scholarship aid for deserving graduating students of the Newton high schools.

The women at last week's meeting represented a cross-section of the city's outstanding citizenry; all professed ex-

treme interest in the campaign and are dedicated to the success of the cause.

Last week's gathering launched the idea and it was decided that future meetings will be held by the women's auxiliary to complete every detail of the 1960-61 drive.

Reunion For Nova Scotia Parish Sat.

The Hunnewell Club on Eldredge St., Newton Corner, will be the locale on Saturday evening (May 14) of the first annual reunion of St. Peter's Parish at Tracadie, Antigonish County, Nova Scotia.

This is the first time that an effort has been made to

bring together the great number of people who now live in this section of the U. S. who at one time or another were active members of the parish. The response has been gratifying and a large attendance is expected.

The Hunnewell Club is headquarters for the Canadian-American Club of Boston and many of its members have expressed a desire to be present.

Purpose of the reunion is to raise funds to assist the present pastor of St. Peter's, Rev. E. J. Nash, in defraying expenses connected with reconstruction. The parish will celebrate its 100th anniversary in 1961.

Chairman of publicity is Robert L. Cunningham of 159 Charlesbank Rd., Newton and the secretary is Mrs. Francis P. Cunningham of 217 Erie St., Cambridge, KI 4-3651.

Newton residents contributed \$19,004.66 of the total \$882,974.82 collected in Massachusetts from the sale of Christmas seals, it was announced today by J. 1 Killed, 7 Hurt In Accidents

A 22-year-old Framingham electronics worker was killed and seven persons were injured in a series of Newton highway accidents in the past several days.

Donald R. McCarthy, 22, of Berkeley Rr., Framingham, was injured fatally when the car in which he was riding alone crashed into an abutment at the Centre St. exit of the Worcester Turnpike. McCarthy was partially thrown from the car and was alive when police arrived, but his feet were trapped inside the demolished car. Police tried open the door to free the victim, but he was pronounced dead at Newton-Wellesley Hospital.

One woman was hospitalized following a three-car crash. Mrs. Evelyn G. Neilson of 305

ciation building last week. More than 130 members, laymen, guests and friends attended.

Mr. Potter discussed YMCAs throughout the world and emphasized the Christian heritage common to all. Mr. Potter, who has travelled extensively in Europe, Asia, the Near East and South America was particularly impressed with three points of the YMCA movement—the variety program; the potential; and the unity of purpose.

The dinner meeting, presided over by Anthony Jauregui, saw the re-election of the current slate of YMCA officers for one-year terms as

Close Fight Seen in House On Senate Gerrymander Bill

A terrific battle is shaping up in the Massachusetts House of Representatives over the proposed plan which would revamp many of the districts of the State Senate and

strengthen the Democratic control of that body.

Even though the House is strongly Democratic, there is no assurance that it will approve the Gerrymander measure.

The fight there will be extremely close, and the bill which was adopted on straight party lines in the Senate conceivably might be defeated in the House.

A few Democratic House members already have declared they will vote against the proposal.

Others are finding fault with the redistricting plan but have not revealed whether they will finally vote for it, against it, or take a walk.

One first-term Democratic legislator, elected from a very close House district as a result of the Democratic sweep Senator John F. Kennedy helped to cause in 1958, told his colleagues it would cost him his seat next November if he voted for the Gerrymander.

"I'd be defeated on this issue alone if I voted the bill," he asserted. "I'm interested in seeing the Democrats retain

Gerrymander Would Cost City \$20,000

A chaotic situation would be created in next fall's election in Newton if the bill to create new State Senate districts is enacted into law, Mayor-Senator Donald L. Gibbs declared today.

Gibbs asserted that the special voting arrangements which would have to be made would cost the city an estimated \$20,000, in addition to its regular expenses.

The Mayor stated he was basing his opinions on information furnished by Charles J. Innes, counsel for the Senate.

He said the people of Newton would have to vote at one polling place for the State Senate and would be obliged to go to a different location to make their choices among

Urge MTA Cut Speed On Highlands

The speed of MTA trolley cars over the bumpy, old Highland Branch roadbed, has been protested by the Newton Centre Improvement Association.

President William M. Bruce, assistant dean of the Harvard Law School and a resident of 934 Beacon St., Newton Centre, sent a plea for safe speed operation to the chairman of the MTA, the commissioner of public safety and to Mayor Donald L. Gibbs.

Mr. Bruce said he acted because of protests from many residents of the area, and he contended that "a safe speed of operation, rigorously adhered to, will be the best temporary solution to this problem."

He also expressed the hope that the road bed would be improved.

Save Girl From Smoke-Filled Hub Elevator

A close brush with death came last week to Miss Pauline Berkowitz, of 84 Leeson Lane, Newton, when she was trapped for 35 minutes in a stalled elevator filled with acrid fumes from a short-circuit.

The mishap occurred when she stepped into a self-service elevator to report to work in a Harrison Ave., Boston, building and the elevator got stuck between the first and second floors.

Efforts by police and firefighters to reach the trapped woman were unavailing until an electrician ran to the roof and got the car in operation. The elevator was raised to the third floor where Miss Berkowitz, choking from the smoke, staggered into the arms of rescuers. She declined a doctor, however.

Whitmore Reception To Indicate Strong State-Wide Support

An impressive show of support for former Newton Mayor Howard Whitmore, Jr., in his campaign for the Republican nomination for Governor, is expected when Whitmore is tendered a reception and dinner at the Totem Pole on Thursday night of next week.

More than 500 persons, gathered not only from Greater Boston but also from western, southeastern and northern Massachusetts, are expected to attend the event which should give an important lift to Whitmore's drive for the gubernatorial endorsement.

Former Governor Robert F. Bradford, one of the most influential Republican leaders in the state, has given added impetus to ex-Mayor Whitmore's campaign by championing his

cause and endorsing his candidacy.

A substantial number of the outstanding GOP members of the House also are participating in the state-wide endeavor to make Whitmore their party's gubernatorial standard-bearer.

They include Representatives J. Robert Ayers of Weston, Charles F. Holman of Norwood, John W. Frenning of the Back Bay, John Brox of Dracut and Mary B. Newman of Cambridge. Virtually all top Republican figures in Newton are working for Whitmore and will be in attendance at the big reception on Thursday night of next week.

Representatives George E. Rawson, Irene K. Thresher, Arthur G. Heaney and John W.

Whitmore all have been striving to line up fellow members in the Legislature for ex-Mayor Whitmore.

Mayor Donald L. Gibbs, who succeeded Whitmore at the head of Newton's municipal government, also is behind his candidacy.

Meanwhile, officials in charge of the reception and dinner scheduled for a week from tonight (May 26) report that groups are planning to attend from such communities as Arlington, Waltham, Wellesley, Needham, Brookline, Boston, Weston, Cambridge, Belmont, Taunton, Lincoln, Framingham, Natick, Westminister, Greenfield and

\$15-Million Gross Increase

Rosy Financial Picture Revealed In Local Banks

That the prosperity thermometer in Newton reveals a healthy upward trend was indicated at the recent annual meeting and dinner of the Newton Bankers' Association held at the Brae Burn Country Club.

It was announced that the gross assets of all Newton banks now total \$242 million, or an increase of \$15 million from a year ago.

President Arnold E. Worth brought this bright picture to his listeners and also told his audience that deposits had increased by \$9-million during the year, to a total of \$208-million at this time.

He also stated that mortgage holdings in local banks now total \$114-million, which reflects an increase of \$10-million over last year.

Newton Chief Purcell Has Highest Praise For Women's School Patrol

Newton Police Chief Philip Purcell has highest praise for the Women's Auxiliary School Patrol. Since its inception 10 years ago, no child has been injured by a moving vehicle at any post covered by these women.

Chief Purcell's praise was contained in an article in the May issue of the FBI Enforcement Bulletin, which is distributed to police agencies throughout the country.

"The first woman patrol-

man was appointed in 1893 in Chicago," Chief Purcell wrote, "and today we find them an essential part of nearly every large city police department, many of the smaller ones and some state police agencies."

Under the heading: "Newton Auxiliary Patrol," the article continues:

"We have 38 women at intersections in front of or near Newton schools, all young mothers, 25 to 40 years of age, selected for aptitude, intelligence, character and appearance. They were trained at police headquarters for over two weeks by ranking officers of the department and received a standard first-aid course under the direction of the department first aid instructor. After the basic training, they were assigned to a regular officer's post for a week under the supervision of the officer."

"The women auxiliaries have the authority to enforce the ordinances and laws relating to the operation, parking and use of motor vehicles, and were specifically exempted from the requirements of the State civil service laws by a statute recently enacted in Massachusetts."

"They are paid \$17 per month for 10 months plus

Supt. Dennard Tells PTA Council Teaching Is Art

Teachers dissected "The Classroom Teacher" at a symposium last Thursday which featured the annual meeting of the Newton PTA council. "Good teaching is an art, and to the really great teacher, teaching is a passion," said Eric N. Dennard who is leaving as superintendent of schools to return to his native Texas.

He described a good teacher as one with "a genuine affection for youth tempered with objectivity," good professional relationships with parents and community institutions and good teacher-self relationships.

Mr. Dennard told the meeting at Weeks Junior High School:

"Teachers should not remain constantly within the shadow of the profession, and it is high time that the bulk of teachers in this country can live like human beings and behave in the presence of boys and girls like human beings."

Another speaker was Richard Batchelder, Newton teacher who has been on leave this year touring the country as president of the Department of Classroom Teachers of the

National Education Association. He commented:

"Some communities have wall-to-wall carpeting in their schools; in New England we're lucky to have wall-to-wall floors."

Dr. Robert Anderson, associate professor of education at Harvard, said university background should provide foundation of knowledge and a technique on which the future teacher can build.

A new concept of five to seven years of preparation for "professional teachers" was urged by Dr. Lester Vandewerf, dean of the college of education at Northeastern University.

Irving J. Helman, retiring president of the PTA Council presented an engraved silver box to Supt. Dennard.

The following slate of officers was elected for next year:

President, Jerome Grossman; vice presidents, William J. Jones, Mrs. Richard Min and John Swanton; executive secretary, Mrs. Richard Mitchell; recording secretary, Mrs. Samuel Silverman; treasurer, Mrs. Samuel Beaser.

Real Estate Men Select New Officers

Mayor Whitmore, who will deliver a major campaign address in the climax to the reception, is engaged in a four-way battle for the Republican nomination for Governor.

In the field against him, vying for the support of delegates to the coming Republican pre-primary State Convention, are State Senator Philip A. Graham of Hamilton, former State Public Works Commissioner John A. Volpe and GOP House Leader Frank S. Giles of Methuen.

Political experts generally are in agreement that Whitmore is in the thick of the contention for the Republican endorsement for Governor and that he may be leading in the race.

Warn Against Smoking For Young Adults

The Newton Tuberculosis and Health Association and the Newton Health Department are cooperating in a program of education especially directed to the younger adult regarding cigarettes.

Both agencies have expressed concern over the increased evidence of the relation between smoking and lung cancer and the increasing number of high school and college students who begin a habitual smoking pattern.

Dr. Harry T. Phillips, director of Public Health for the Newton Health Department, said:

"There is increasing evidence that particularly heavy smoking is also in some way a causal factor in coronary heart disease. We are very interested in controlling all respiratory diseases, a major cause of death, illness and disability."

Mrs. Henry Lundquist, chairman of the nominating committee, then announced the officers for the 1960-61 season. They are: President, Mrs. William White; Vice-

President, Mrs. John Packenham; Secretary, Mrs. Stephen Cupoli; Treasurer, Mrs. John L. Callahan; Program, Mrs. Maurice O'Connell; Membership, Mrs. Italo Amicangio; Hospitality, Mrs. David Brodie; Co-Chairmen of Remembrance, Mrs. Edward Cunningham and Mrs. Austin Uhl; Publicity, Miss Anna Mae Kenney; Nominating, Mrs. Francis Howley.

Mrs. William White, newly elected president, introduced the new officers after which she presented a gift to the retiring president, Mrs. Howley.

Reverend Daniel Linehan, S. J., director of the Weston Observatory, was the guest speaker of the evening and accompanied his lecture with Kodachrome slides on his military assignments to the Antarctic. In 1954 Father Linehan went to the Arctic as geophysicist on the Dow Expedition. In the winter of 1954-55 he travelled as geophysicist on the U. S. Navy Expedition to Antarctica. From 1955-1958 he accompanied the U. S. Navy Operation Deepfreeze.

Mrs. William White was chairman of the program.

Music School Boston Pops Night May 31

The All Newton Music School PTA has joined the Board of Trustees in efforts to make the school's fund-raising project for the year, a benefit night at the Boston Pops on Tuesday, May 31, an outstanding success.

Tickets are available for the performance from Mrs. Douglas Danner at BI 4-9056.

The Music School has an enrollment of over 500 students, in the present cramped quarters the loud noises from the various simultaneous lessons distress both students and teachers.

Thus the PTA and Trustees expressed hope that proceeds from the concert will be a substantial contribution toward the goal of enlarging the present building or a move to new and larger quarters for the badly overcrowded school.

control of the Senate, but I'm more concerned about retaining my own seat. I'm going to vote against the bill."

Needless to say, he isn't the only Democratic legislator whose first thought is the primitive law of self-preservation.

Some Democratic House members are endeavoring to assess the effect a vote for the Gerrymannder proposal would have on their own prospects of reelection.

Others, who are being shifted from one senatorial district to another can see Senate seats, to which they might aspire some time in the future, slipping away from their reach.

It's a difficult thing to produce a Gerrymannder plan which will be acceptable to a big majority of the members of a political party.

Senator Maurice A. Donahue of Holyoke, the chief architect of the redistricting plan, worked for months to produce a scheme for which all the Democratic Senators would vote.

He finally succeeded in achieving that objective. Now the big question is whether the plan also is acceptable to a sufficiently large number of Democratic House members so that it will be passed over solid Republican opposition in the lower legislative chamber.

State House observers are uncertain as to the answer to that question. They know that strong pressure will be exerted on all Democratic House members to vote for the bill. Some will be balky and refuse to yield to the pressure. The vote in the House could be very close.

There no longer is any question in anyone's mind on Beacon Hill that Furcolo has set his sights on the seat in the U. S. Senate now held by Leverett Saltonstall and that he will say so when he gets around to it.

But the Democratic State Convention is only a little more than four weeks away, and there is considerable speculation as to when Furcolo will say publicly what he already has said privately.

Democratic and Republican ward and town committees throughout Massachusetts are in the process of electing the delegates to the State conventions of the two political parties.

Lieutenant Governor Robert F. Murphy and Secretary of State Joseph D. Ward already are working energetically to sew up as many delegates as possible.

However, the prospective candidates for Governor who are waiting for the official word from Furcolo as to what he will do are handicapped to the point where they would find themselves under a serious disadvantage at the convention.

Furcolo, incidentally, will be challenged at the Democratic convention by District Attorney Edmund Dinis of New Bedford for the senatorial nomination. Furcolo unquestionably will be endorsed overwhelmingly at the convention, but it will not be by acclamation as has been commonly supposed.

McCluskey to Bypass Democratic Conclave

Stephen E. McCluskey of Hyde Park, one of the most respected labor leaders in Massachusetts, who has entered the contest for the Democratic nomination for Lieutenant Governor at the urging of several labor organizations, is planning to bypass the Democratic State Convention and make his fight in the September primary.

Political Highlights

(Continued from Page 1)

Unless Kennedy falters in his final run down the stretch, however, they know they would be risking political disaster for the Democratic party if they were able to contrive an operation which prevented him from getting the Presidential nomination, and there is no certainty at all that they could contrive one.

Now that Kennedy has achieved his spectacular victory in West Virginia, a good many influential Democratic figures in northern states and cities, who want early seats on the right bandwagon, will begin to clamber aboard.

As the Kennedy bandwagon becomes more crowded, the smiles of Bay State Democratic politicians will become broader. They don't have to be told what the effect of Kennedy's nomination as the Democratic candidate for President would be in Massachusetts. They shudder at the thought of what would happen in this State if he doesn't wind up in first place on the Democratic national ticket.

Last week was a big one not only for Senator Kennedy but for all the prospective Democratic office-seekers who will be affected by the political tides and trends next autumn.

Furcolo Announcement Awaited by Politicos

Now that Senator Kennedy's bandwagon seems to be gathering speed and moving into high gear, political onlookers are wondering how soon Governor Furcolo will formally announce that he is a candidate for the U. S. Senate.

There no longer is any question in anyone's mind on Beacon Hill that Furcolo has set his sights on the seat in the U. S. Senate now held by Leverett Saltonstall and that he will say so when he gets around to it.

Opposes Rezoning
Dear Editor:

I am writing to protest the proposed rezoning of land on Nahant street for a tremendous industrial development. This land is now Zone A Residential area. Sylvania Corporation is pressing to rezone an 186 acre tract of land for factories.

This would allow them to build over 40 acres of factory buildings as many stories high as they wish. Who is there who would want 40 acres of factory building in his backyard or within walking distance of his home? Who would willingly force his children to compete with thousands of Sylvania employees' automobiles for a chance to cross the main streets to reach our grammar schools, our new Junior High School, or our equally exciting new High School (about to be completed). If Sylvania should decide to use night shifts, the Oak Hill and Newton Highlands area would be subject to the roar of traffic all day and all night. Does this improve a residential area???

This land has served Newton well as a buffer to Needham's Industrial Development along the Charles River. I would estimate that at least a thousand people have built homes in Oak Hill and Newton Highlands since World War II with the belief that this was a residential part of the "Garden City."

According to best calculations, in 10 years Sylvania may be paying enough taxes to reduce our tax rate \$1.25. No one has any idea what it will cost our taxpayers for highways to enable Sylvania's thousands of employees to reach this huge factory and to leave it en masse at night.

There is another problem which the city engineers should investigate. That is drainage. This tract of land has served for many years as a sponge for all the land in Oak Hill and Newton Highlands. If the topography of Newton is studied, one realizes that our underground springs and surface water has ultimately been absorbed by this huge tract of land. Before the city gives this to industry to fill at will, I believe that a thorough study should be made to find out how all the brooks in our area may be affected. If the city is going to be forced to spend a fortune for drainage, then once again there is no economy in making this an industrial tract.

If Newton is a Garden City, let it act like a Garden City and keep lovely home land for lovely homes. May I request that anyone who has any feelings on this subject write immediately to his aldermen.

Sincerely yours,
Rosemarie (Mrs. Richard) Myerson

On City Help Pay
Editor the Newton Graphic
Dear Editor:

This is not to directly answer a letter which appeared in a recent edition, entitled, "City Worker's Pay". Rather, it is compelling that something be said, by the wife of a teacher, with twenty-five years service and the mother of two daughters—also in this teaching business.

God has endowed Newton with an excellent governing body and an equally excellent system of education and no one need feel the greater or lesser than his fellow-citizen. It is a matter of working together for the betterment of all and only with learning can such a goal be achieved. The question is not one of taxation, or whether or not a taxpayer has children of school age, or how great are the sums expended for this important task. All civic-minded, foresighted Americans, must ever be aware that only through our educational facilities can our country face a world of tensions and remain strong and free.

Others are certainly better qualified to delve much deeper, but this is humbly and sincerely written after many years of experience. As in all cases, though, there is always bound to be the exception. It is unfair to single out teachers, as a group habitually dissatisfied with salaries, a group driving about in late model automobiles and a group spending essential vacation time, as they personally choose to do.

There are few groups doing the serious work of molding and guiding future citizens, who give unstintingly of their time and talents, beyond the scheduled school hours and even outside their school rooms. Few are the fields of endeavor, requiring constant professional improvement.

It is safe to say that a large percentage of the teachers' "free" time is used for just this purpose. When a teacher takes a vacation, it nearly always is a business-pleasure affair. He earnestly gathers information which is given readily and willingly through his daily work. Many teachers do not travel, but voluntarily study and often at their own expense.

Let us place some emphasis here, on the freedom to exercise the right of self-improvement—the only requisite being an inquiring mind, a keen interest and an ardor to work. All Americans can avail themselves of the many opportunities making for a better living, and all through the field of EDUCATION.

This writer is NEWTON born and NEWTON schooled, proud of all teachers, past and present; and very grateful for knowledge, imparted by those several teachers, which was acquired on vacations which were "courses" in their respective subjects.

Very sincerely yours,
Carmela E. Toscano
(Mrs. Frank J. Toscano)

Board Defers Five Public Works Orders
The Newton Board of Aldermen, following public hearings on Monday night, referred to committees for study matters pertaining to five public works orders.

Residents of Sutcliffe Park, Newton Highlands, favored by a vote of 3 to 2 to accept the street under the Betterment Act. George H. Kwachter of 20 Sutcliffe Park, led the proponents, while the opposition was led by Stanley H. Gird of 364 Whitney street.

The Board was urged by George F. Wattendorf, assistant director of public welfare, to approve the application by the city for a license to store 300 gallons of gasoline at the City Infirmary.

A change in plans for reconstruction of Burrage road, Newton Centre, was urged by Ward C. Low of 38 Ballard street, in order to save four large pine trees at the corner of Glendale road.

The Commonwealth Country Club was opposed to taking an easement for a drain and sewer in private land from Algonquin road to the Boston line. Director of Public Works Willard S. Pratt urged acceptance of the order.

Melbourne Australia has more than three million square miles of domain and of this vast area an estimated one million square miles lie in the tropics.

Applications Open For Four Service Schools

Congressman Laurence Curtis announced this week that he is accepting applications from young men of the 10th Congressional District who desire appointment to West Point, Annapolis, the Air Force Academy, or the Merchant Marine Academy at Kings Point.

These appointments will be for the classes entering in the summer of 1961, and there will be 2 available for West Point, 2 for Annapolis, 1 for the Air Force Academy, and several to compete for the Merchant Marine Academy.

Applicants must be from 17 to 22 years of age, and be residents of the 10th Congressional District, which includes Newton, Brookline, and Wards 4, 5, 10, 12, 19 and 20 of Boston.

Interested young men should address the Congressman at the House Office Building, Washington, D. C., for the necessary forms and information. Applicants will take a preliminary examination given by the Civil Service Commission in November. The results will help the Congressman in choosing those best qualified.

Congressman Curtis advises prompt action on the part of those interested in attending the service schools.

Newton High School has been supporting a Foster Child since last year. Her name is Maria Cazella, an 11-year-old Italian girl, who will be aided until she reaches the age of 18. George Levenson, chairman of the NHS Foster Child Council, said that Newton will send \$180 a month for her support.

Most of the money is received from students, but the Ptsa has also contributed. Last month, the Ptsa donated \$31 from its assembly. When the movie, Moby Dick, was presented recently in the high school auditorium, all the proceeds were donated to Maria.

The annual Newton High School Music Night, presented by the school organizations along with Wellesley High School, was held recently in the Newton auditorium. The directors of the production included Miss Geraldine Seaver, Mr. James Remley, Mr. Douglas Godfrey, Mr. Donald March, Mr. George Chase, and Mr. Raymond Leach. John Cannon headed the Ticket Committee. His committee consisted of Joanie Garrey, Flora Butterfield, Tina Currens, Jackie Hall, and Scott Silliman.

Joe O'Donnell was the chairman of the Supper Committee. His committee included Margie Casselman, Tony Lavelly, Henrietta Adelson, and Eddie Salamoff. On the Publicity Committee were: Heidi Diefenbacher, Leslie Green, Barbara Huston, and Martha Rice.

Beacon House had an assembly recently. The guest was a man who had travelled abroad. He showed a movie of some of the village life, including the rug making.

in the hands of the aldermen this week, made the point that before any person considers running for an elective office, he should make certain that, insofar as it is possible to know, he will be able to complete the term.

The League committee stressed the fact that should a situation arise between the announcement of his candidacy and the election, which will make it impossible for him to complete his term, he should, as a responsible citizen, withdraw.

The League emphasized that this is particularly important in Newton because under the present method of filling vacancies, the voters do not have a chance to choose a replacement.

It was decided that at future pre-election meetings, sponsored by the League, candidates will be asked if there is any possibility that they will be unable to complete their terms if elected.

the House candidates.

This would mean that special polling places would have to be opened merely for the voting for the candidates for the House, according to the information received by Gibbs.

The mixup, he asserted, resulted from the fact that the Senate attached an amendment onto the Gerrymander bill providing that Ward 8 of Newton would be added to the district of Senator Leslie B. Cutler.

However, the two House districts in Newton are based

on the division of the city into seven wards, not eight as in the case of the Senate. Hitherto Newton has had seven wards for a city election and eight for a State election.

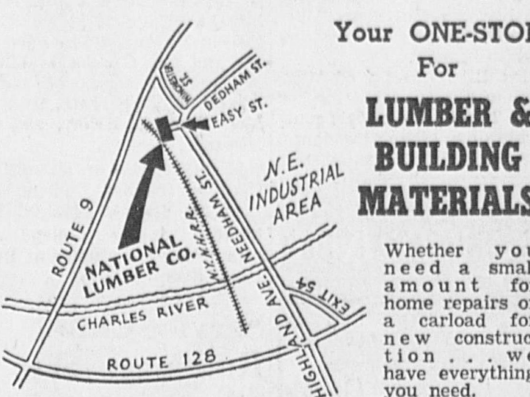

Gibbs said frankly that the situation is so confused that he will send City Solicitor Matt B. Jones and City Clerk Monte G. Basbas to the State House to try to straighten out the muddle.

Political observers on Beacon Hill expressed the belief that the Mayor may be needlessly worried. They predicted that the Senate Gerrymander measure may be defeated in the House next week after a long and bitter debate.

1960 CHAMBER OFFICERS—Officers of the Chamber of Commerce for 1960 congratulate 1959 president for job "well done." In photo, left to right, Kenneth W. Rogers, treasurer; Justin T. Horan, executive director; Louis G. LeBlanc, president; Grenfell A. Swim, first vice-president; Richard J. White, 1959 president; and T. Frank Copp, second vice-president.

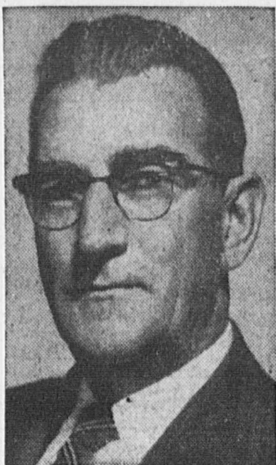

President LeBlanc Sends Congratulatory Message

The many diverse problems which are affecting business men today requires an organization whereby they may express their opinion and promote a good business climate which will protect their business investments.

The expanded Chamber of Commerce program for 1960 is designed to benefit the Newton business community. This program requires a minimum of 80 new Chamber of Commerce members to actively and financially support it. This program includes an expanded Legislative program both city, state, and federal, employer and employee education courses, retail and Christmas lighting programs, industrial development programs plus many, many others.

Newton business should feel extremely proud of the progress which the Newton Chamber of Commerce has made over the past few years. Its expanded, successful program has been made possible by the addition of over 200 members during the past two years. The total Chamber membership today is approaching 450 members. The addition of 80 members to this effective business organization will bring the membership to over 500 business men and women working toward a better community in which to live and work.

The cost per year of Chamber membership is comparatively small when compared to the overall

LOUIS LEBLANC

benefit which Newton businessmen and women receive each year. This membership investment is based on the number of employees which a firm employs within Newton.

The fee is scaled upward from a \$40.00 minimum to \$1,000.00 Maximum. Newton Chamber of Commerce membership is about 100% deductible as a business expense.

I therefore request that all businessmen and women doing business within Newton seriously consider joining hands with the over 400 existing Chamber of Commerce members to help support and carry out the extremely worthwhile and needed Chamber of Commerce program.

Message From Mayor Gibbs

Louis G. LeBlanc, President
Newton Chamber of Commerce
437 Cherry Street
Newton 65, Massachusetts

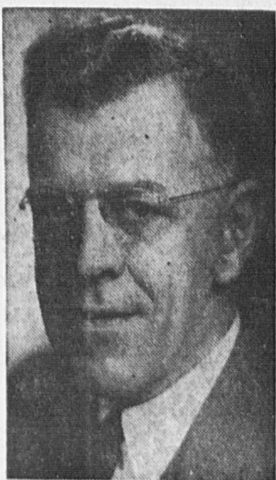

Dear President LeBlanc:

I have watched with interest and pleasure the dynamic development of the Newton Chamber of Commerce over the past few years.

The broadened program which you and your fellow members have developed and carried out has been of great benefit to not only business and industry but to our entire city as well. It is my firm belief that all segments of our community should actively contribute their thinking concerning the development, growth and improvement of our city.

The recent report by the Chamber's Industrial Development Committee concerning the rezoning of land for the Sylvania Science Park, is a prime example of the type of activity which has been and will continue to be of assistance in the development of our community. Please accept my personal thanks for your organization's generous cooperation and assistance.

The 1960 Membership Drive of the Newton Chamber of Commerce affords me an opportunity to congratulate you,

DONALD GIBBS

your fellow officers and members for the many constructive contributions which you have made and to wish you success in your efforts to increase your membership thereby increasing your effectiveness in representing the needs and viewpoint of Newton business and industry.

I am certain that you and your organization will be successful in this expansion program and your 1960 Membership Drive will result in an overwhelming success.

Sincerely yours,
Donald L. Gibbs, Mayor
City of Newton

Trained Staff Is Available To All Members

An extensive library is maintained at the chamber office to provide members with reference material on a variety of business subjects. The trained staff is always available and ready to assist the Chamber members.

Often during the course of a business day, questions arise requiring an answer not readily available in the members own place of business. A phone call to the Chamber will provide an opportunity for a trained member of the staff to track down the data requested.

Included in the material on hand are 44 city directories of Massachusetts communities and 25 directories of other principal New England cities. Through its affiliation with state and national Chambers of Commerce additional assistance can be enlisted to secure solutions to more complex problems.

Present members and prospective members are urged to avail themselves of this highly important service.

The wide diversification of Newton's business and industries also provides a unique opportunity for interchange of information within the community. The Chamber can direct its members to many first-hand sources of knowledge from members and neighboring establishments.

Chamber Service Reaches Beyond Village Lines

There is an ever increasing awareness among the local businessmen of Newton to the need of unifying their efforts for one common goal.

Today, more and more concerns realize that what proves beneficial to one section proves beneficial to all. The reverse is equally true.

Indications are that there is now active in Newton a viewpoint, which if maintained, will inevitably lead to even greater progress in months and years ahead. It is this same awareness which will place Newton ahead of the competition it faces with other cities in our area.

Nourishing this new spirit of unity has been the Newton Chamber of Commerce—the business organization which does things for the community and business progress that many people think "just happen."

A constructive movement begun today may not be realized until next year or years afterwards. Yet, it can be observed that as the years pass and improvements are achieved the germination of the activity was probably begun in a room of the Newton Chamber of Commerce where a group of members sat down, observed certain problems affecting the total community, determined possible solutions and then actively went about the solving of these problems.

Chamber Of Commerce Plans 1960 Campaign For Members

40 Campaigners Will Make Membership Calls May 24th

The Newton Chamber of Commerce will launch its "City Wide Membership Drive Day" on Wednesday, May 24th. On this day 40 of Newton's top business executives will call on 160 of Newton's prime membership prospects. Included in this group of top business executives are local bank presidents, owners of businesses large and small throughout the city, members of service firms and retail members of the Chamber.

It will be the goal of the 40 top Newton businessmen to convert the successful program of the Newton Chamber of Commerce into dollar value and thereby convince a minimum of 80 prospects that "Newton Chamber of Commerce Membership does not Cost — It Pays."

Philip Bram and Giles E. Mosher, Jr., co-chairmen of the 1960 membership drive have stated that the 40 members of the sales force will gather at Brae Burn Country Club at 8 a.m. on Tuesday, May 24th. They will be immediately serv-

ed an "early-bird" breakfast and will be given sales kits and instructions by the nationally known sales expert, Jack Lacy, a member of the Newton Chamber of Commerce, who has offered his talents to stimulate and kick-off this most important breakfast meeting.

At approximately 9:15 the 40 workers will depart from Brae Burn to make personal calls on their 160 prime prospects. All workers will be given 4 prospect cards and will be expected to report back to Brae Burn Country

Club at 4:30 p.m. the same afternoon with the results of their efforts.

It is the goal of co-chairmen Bram and Mosher that this 1960 Membership Drive will expand the chamber membership to the point where it will be truly representative of the total thinking of all Newton business. The addition of 80 new members will provide manpower and funds whereby an even more effective and active Chamber program can be established for the benefit of all of Newton.

INDUSTRIAL DEVELOPMENT GROUP—Members of the Industrial Development committee are shown at the new Chamber of Commerce office, 437 Cherry Street, West Newton. Left to right, Justin D. Horan, executive director Rev. W. Seavey Joyce, S. J., George L. White, Orville O. Clapper, Murray E. Sholkin, chairman; Dwight Colburn and Louis G. LeBlanc, president. Ernest Angevine and Grenfell A. Swim were absent when photo was taken.

Why Invest In Chamber Of Commerce Membership?

The primary and most important reason for businessmen and women to invest in Chamber membership is because it cost them more to do without a Chamber of Commerce effort than it will to invest in the fare-share schedule required by membership.

Yes, thousands and thousands of dollars are made by firms each year because of the efforts of their Chambers of Commerce located across out country today. In many instances it is the Chamber program which is responsible for those things which the average businessman considers as "just happening."

Seven other reasons which also answer the title of this article are as follows:

BECAUSE MR. BUSINESSMAN, you are a citizen doing business in this city and sharing in its prosperity. The obligations of business citizenship challenges every man and institution to subscribe actively to the advancement of the community of which he is a part.

BECAUSE MR. BUSINESSMAN, you prosper as our city prospers. By helping to build a thriving community your investment is strengthened and your opportunities are broadened. You have a personal interest in these objectives.

BECAUSE MR. BUSINESSMAN, progress and prosperity depend on the development of a sound economic and civic structure. These result from vigilant aggressiveness and a continuing program of activities designed to cultivate opportunities and capitalize on advantages.

BECAUSE MR. BUSINESSMAN, the support of all business and professional men is necessary to bring about the economic improvement of our city and the civic and business development demanded by modern standards of living.

BECAUSE MR. BUSINESSMAN, these goals can be reached only by united effort through an organization equipped to study and conduct a sound program of community progress.

BECAUSE MR. BUSINESSMAN, the Chamber of Commerce is the only organization consistently and exclusively engaged in promoting the civic and economic development of your community.

BECAUSE MR. BUSINESSMAN, the Chamber of Commerce is YOUR business. The Chamber should be considered as a department of your business working toward community betterment projects that you cannot tackle alone. Make if your business; consider membership a business investment worthy of both your time and money. Remember—Chamber of Commerce membership does not cost - - - it pays!

DEVELOPMENT CONFERENCE—The Newton Economic Development Conference, co-sponsored by the Newton Junior College and Chamber of Commerce, was one of the many educational events on the 1959 Chamber program. In photo, left to right, Charles E. Downe, Gregory Wolfe, and Kenneth White, conference chairman.

Economic and Education Programs Help Members

During the last 12 months the Newton Chamber of Commerce sponsored many educational and economic programs which assisted the Newton businessman to better understand and successfully carry out his ventures.

In the way of education programs the Chamber of Commerce sponsored a two-day Secretary's Workshop which covered 5 phases of office work. This program assisted the Newton secretary and clerical employee to not only improve themselves but the overall office procedures and techniques of the firms which employ them. The subjects which were covered in this Secretary's Workshop were: "correct seated posture," "typing techniques," "human relations and communications in the office," "correct telephone usage," and a course on "office personality."

The Chamber also had a Management Workshop which was an education course provided to assist management in marketing studies, new product development and procurement, financial investment and personnel procedures.

In the fall of 1959 the Chamber of Commerce also sponsored for the benefit of its member firms a 12 session Sales Technique Course, which was undertaken by over 30 Newton salesmen. This course proved of extreme assistance to all salesmen concerned.

The Chamber of Commerce also provided an Economic Development Conference for the benefit of Newton businessmen and women on Wednesday, November 4, 1959.

This conference was designed to stimulate the interest and understanding of all Newton businessmen on subjects which affect the profit picture of all Newton business.

This conference was attended by over 150 interested Newton businessmen and students.

This type of educational and economic program was sponsored and conducted by the Newton Chamber of Commerce membership acting through committees.

2 Candidates For Ward 7 Alderman

A contest has developed for the position as Alderman-at-Large from Ward 7 which became vacant when William M. Powers resigned from the Aldermanic Board upon moving to Needham. Powers is assistant superintendent of schools in Needham.

Contenders for the right to succeed him on the Board of Aldermen are James K. Fitzpatrick of 243 Park st., Newton, and William E. Hopkins of 11 Willard st., Newton, chairman of the Newton Planning Board.

Members of the Aldermanic Board will choose between them at their next meeting on the night of June 6.

The fight for the vacancy on the Aldermanic Board came as something of a surprise Monday night and is in the nature of a break from established tradition.

Aldermen Paul S. Rich and John P. McCarthy of Ward 7 presented Fitzpatrick's name as their candidate to succeed Powers.

Rich and McCarthy had been named by Aldermanic President Wendell R. Bauckman to nominate a candidate for election as Alderman-at-Large from the Ward 7 section they represent.

However, Alderman John P. Nixon then submitted the name of Hopkins.

Alderman Joseph G. Bradley prevented a vote from being taken Monday night by offering a charter objection. The matter consequently was laid over until the next session.

Fitzpatrick is an attorney and a former president of the Newton Republican Club. He has been active in the Junior Chamber of Commerce and the Family Service Bureau and was a candidate for the Board of Aldermen in 1953 and 1955. Hopkins is a consulting engineer, is chairman of both the Planning Board and Park Commission. He is a past president of the Newton Improvement Association and the Underwood PTA and has taken part in both YMCA and Boy Scout work.

TELEVIEWING THE NEWS

By LEE LOUMOS

The ways of living a TV villain low are many. Even in Westerns, where traditionally the hero's Frontier Colt is the instrument of justice for badmen, variations on the old theme are cropping up. Baddies are being "done in" by an increasing variety of arms, including Gatling guns, sawed-off carbines, derringers and even small cannon.

The latest "innovation" in TV firearms is wielded by Don Durant, who stars as CBS-TV's "Johnny Ringo." Called a "Le Mat Special," the gun is much like the ordinary time-honored "six-shooter" . . . at least for the first 6 shots. But then the hapless "Ringo" who expects to clobber Ringo after counting off the usual 6 loads from his handgun have a nasty surprise coming. One more pull of the trigger fires a 7th load . . . this time a shotgun shell.

TV villains are coming up against strange and awesome weapons these days . . . but none stranger nor more awesome than that carried by "Johnny Ringo." The "weapon" our TV servicemen "carry" isn't strange or awesome, but it is effective against TV set troubles. It's called "experience." And only experienced TV repairmen can provide fast, dependable TV service that you can rely on. Remember, good service doesn't cost . . . it pays. Call us next time.

And remember, every Friday night from 7:30 to 8:30 is open house for demonstration of the new Thomas choral transistor organ—hear it or play it yourself, you will be amazed at such versatility for so little money.

Tigers Drop 2 More Games

Newton's hard-luck high school baseball team dropped two more Suburban League games, 16 to 12 to Watertown, and 1 to 0 in 11 innings to Arlington on Monday afternoon.

The latter was a heart-breaker because Newton High Coach Howie Ferguson and his boys watched Mike Libman pitch no-hit ball for ten innings, only to have Arlington win on two hits in the 11th, one a long triple by right-hand pitcher John Goodwin which scored the winning run.

Newton had men on base in three innings but failed to hit in the clutch deprived the Tigers of runs.

The Newton-Watertown game required almost four hours to complete. There were 25 walks issued by pitchers on both sides, and each team had 13 hits.

Don't miss the big air show over Westover at the base's dramatic celebration of Armed Forces Day. Bring the family and spend the day. Gates open 9 a.m., Saturday, May 21.

Grim Reminder As Long Weekend Looms

The Memorial Day holiday week-end is dead ahead, the first big one in the good weather category, and once again expected to be synonymous with death on the highways.

This might be a good time to insert the grim reminder that there were 900 more deaths and more than 50,000 additional injuries on U. S. highways in 1959 than was the case in 1958.

Fatalities climbed to 37,600 and more than 2,870,000 were as a result of automobile accidents. According to police statistics, by far the single biggest cause of this horrible toll of human lives and bodies was speed.

More than 43.1 percent of the deaths and 38.8 percent of the injuries were blamed on speed. Second biggest killer was the driver on the wrong side of the road who was blamed for 15.9 percent of the deaths. Inattention while driving has figured in 35 percent of death crashes.

28.7 percent of the drivers involved in fatal accidents were under 25 years of age, although this age

bracket makes up less than 14 percent of the driving population.

There were 13,140 young drivers under 25 involved in fatal accidents in 1958—2,010 were under age 18.

The cause of this slaughter screams for attention. More than 85 percent of all fatal accidents last year was blamed on human error.

The Graphic reminds its readers today, on the eve of the big holiday weekend, that the toll call of high-way fatalities is no secret document hidden from public gaze. In newspapers and bulletins, legal and police reports, and in courtrooms, the names of the heedless killers and their innocent victims are made known to all.

Presidential Nomination Seen Sewed Up by Kennedy

Senator John F. Kennedy now has the Democratic Presidential nomination sewed up about as tightly as it's possible to sew up a nomination seven weeks in advance of a national convention.

As a result of Kennedy's victories in every popular primary in which he has engaged, Democratic bosses are confronted with the choice of nominating Kennedy as their party's candidate for President

or writing off next November's election.

Kennedy has defeated every Presidential aspirant who dared to step out and contest with him.

If Kennedy now were to be jobbed and sidetracked at the Democratic national convention in Los Angeles, millions of Democratic voters would turn away from the Democratic party in disgust, and the election of Richard M. Nixon as the next President of the United States would be assured.

Newton Awaits Court Verdict On Gerrymander

Newton residents now will have to await a decision by the Massachusetts Supreme Court, to learn whether their city is to be divided into two State Senatorial districts.

A Gerrymander bill, which breaks up the senatorial district now represented by Mayor-Senator Donald L. Gibbs, has been approved by both branches of the Legislature and is now on its way to Governor Furcolo's desk where it will be signed into law.

The vote in the House of Representatives on the measure was extremely close.

Enough Democrats voted against the measure or "took a walk" in order to kill the bill, if the Republicans had been able to muster their full voting strength. But three GOP legislators were absent, and a motion to reject the measure failed of passage by two votes.

Legal experts differ in their opinions as to whether the Republican State Committee can win in the court the fight which it lost in the Legislature.

GOP State Committee Chairman, Daniel E. McLean, indicated that the basis for the legal battle will be that

Democratic City Committee Meets To Organize

Some 125 members of the Democratic City Committee of Newton attended an organizational meeting last Thursday at the Clafin school in Newtonville.

Chairman Jean LeCompte briefly reviewed accomplishments of the last four years, principally an increase in Democratic registration of 100 per cent and an overall growth of the Democratic vote of about 33 1/2 per cent, with corresponding losses for Republicans.

The following new officers were elected:

Chairman Lawrence E. Cooke of 43 Walker St., Newtonville.

Vice Chairman, Sally Corwin of 20 Park Drive, Newton Highlands.

Parade, Services To Honor Hero Dead On Memorial Day

Veterans Lead Tribute As City Pays Annual Homage

On the green stretches of quiet cemeteries, where the soft murmur of prayers and the stirring strains of taps will resound, thousands of Newton residents will pay a devout tribute to the revered dead this weekend.

Formal Memorial Day exercises will be held on Monday, with a parade and speeches by U. S. Senator Leverett Saltonstall, Mayor Donald L. Gibbs and ex-Mayor Howard Whitmore, Jr.

Two programs will be held on Monday morning in the Newton Cemetery, one at the GAR Memorial and the other at the Veterans' Lot.

Veterans of the Korean fighting, World War II, World War I and the Spanish-American War will participate in the services, honoring the memory of their fallen comrades.

Newton's traditional Memorial Day parade will start at 10:30 Monday morning from Washington and Crafts streets, proceeding west on Washington street to Walnut street, south on Walnut street to Commonwealth avenue and the War Memorial Flag Staff where the marchers will halt for the placing of wreaths and prayers by the Rev. Daniel F. Quinn of St. Bernard's Church.

The parade then will continue south on Walnut street to the Newton Cemetery, scene of the two ceremonies at the GAR Memorial and the Veterans' Lot.

Senator Saltonstall will deliver the Memorial Day address at the GAR monument.

The Rev. Daniel F. Quinn of St. Bernard's Church will

pronounce the invocation, and Rabbi Murray I. Rothman of the Temple Shalom will give the benediction.

Mrs. Jayne C. Driscoll, secretary of the Newton Memorial Day Committee, will open the exercises at the GAR Monument. Robert Leone, a student at Our Lady's High School, will recite Lincoln's Gettysburg Address.

Wreaths will be placed on the monument by the commanders of the veteran organizations and by presidents of their auxiliaries.

Taps will be sounded by John C. Maligneri, and a volley of rifle shots will be fired by a firing squad of the Newton Veterans' Honor Guard.

Women Voters Hear Call For Third Political Party Here

A call for a new "Third Party" in Massachusetts politics was sounded by one of two speakers at the annual luncheon meeting of the Newton League of Women Voters held on Wednesday at the Commonwealth Country Club.

Pointing up the changing role of political parties, both in the State and nationally, Dr. Bernard Rubin,

associate professor of government affairs at Boston University, called for an organization of a new "Reform Party" in the state, recruited from "intelligent Democrats and Republicans."

Dr. Rubin charged that State politics have reached a low point of "almost no return."

Civil rights in the Bay State,

the controversial Gerrymander bill, the Prudential development project also came in for heated discussion by the speaker.

Dr. Lewis Dexter, political consultant, the second speaker, said that Massachusetts Democrats are "endowed with a gift of chaos." He ad-

Court Verdict—

(Continued from Page 1)

under the constitution, the redistricting should have been undertaken the year after the 1955 State census, and should have been in effect for the 1958 State election.

However, the Democrats point out that the Republicans passed a redistricting bill in 1939 and that exactly the same objections now offered by McLean would have applied then since the circumstances were identical.

Under the terms of the bill approved by the Legislature, Wards 2, 3, 4 and 5 of Newton would be joined with Needham, Dedham, Wellesley and Weston, into a senatorial district, which will be overwhelmingly Republican.

Wards 1, 6, 7 and 8 will be linked with Brookline and the Ward 22 section of Brighton, in a district which Democratic strategists believe a member of their party will be able to carry.

Republican Senator Leslie B. Cutler of Needham, represents the senatorial district in which Wards 2, 3, 4 and 5 will be placed. She plans to stand for renomination and may face a primary fight.

Republican Senator Joseph Silvano will find himself in the new district, which takes in Wards 1, 6, 7 and 8. Some observers believe the redistricting bill may be a primary fight.

One of the most confusing muddles created by the passage of the redistricting bill, is an amendment concerning the division of wards in Newton.

As the bill is presently worded, Newton would be divided into eight wards for this year's Senate election, and seven wards for the House election.

That means the people would vote at one polling place for all the candidates except those seeking election to the House and then go to another polling place to choose between the House contenders.

This is one of the points on which the GOP high command will base its legal fight.

Bernard of Newtonville, a professor of history, was made an honorary member. Students initiated included Shirley Anne Chesser of Chestnut Hill, and Sandra H. Kaplan of Newton. Slow Down and Live!

A shockingly large number of motorists across the United States will not return home alive this Memorial Day weekend.

Some will be killed or maimed while travelling to or from vacation resorts.

Some will meet death while driving to a cemetery to decorate the grave of a loved one.

Too many rides which start with pleasurable anticipation will end in stark tragedy.

The vast majority of accidents which will occur could be avoided by the reasonable exercise of care, by not gambling that the other fellow will stop.

That's why all motorists should do well to heed the plea of Registrar of Motor Vehicles Clement A. Riley that they slow down and live this weekend.

Registrar Riley can estimate now the statistics which will make newspaper headlines next Tuesday morning. He knows, too, of the homes which will be plunged into mourning.

The appeal he voices for careful, common-sense driving is designed to save lives—possibly your life. As he well points out, a moment of carelessness behind the wheel of an automobile can prove fatal.

Slow down and live!

Political Highlights

(Continued from Page 1)

Kennedy won a handful of delegate votes by defeating Wayne Morse and all the other Presidential hopefuls in Oregon. He apparently won no votes at all in West Virginia by his victory there over Hubert Humphrey because the Mountain State delegation was pledged to Lyndon Johnson even before the primary.

But Kennedy's triumphs in West Virginia, Oregon and Wisconsin have had an impact on Democratic leaders across the nation. And they will get him votes in such key states as New York, California, Illinois and Michigan. Those were the states at which Kennedy was aiming when he was campaigning up and down West Virginia and Oregon.

If Adlai Stevenson comes out for Kennedy, with the prospect of becoming Secretary of State in the event of Kennedy's election, the Pennsylvania delegation would swing to Kennedy, and the stampede would be on.

A good deal can happen in politics in a period of seven weeks, but it's difficult to conceive of anything happening which could deprive Kennedy of the Democratic nomination for President.

The Kennedy bandwagon not only is rolling, but it is gathering speed. As it does, it will become more difficult to stop.

Senators Lyndon Johnson and Stuart Symington, the two serious and avowed challengers against Kennedy, seemingly lost their fights when they failed to meet him head on in any popular primary.

That's the way the average voter sees it and the Presidential election next November will be settled by average voters, not by political bosses.

It would not be at all surprising if Lyndon Johnson, after sizing up the situation, retires from the race for the Presidential nomination. It would be even less surprising if Adlai Stevenson publicly champions Kennedy's cause. Stevenson and Kennedy are close personal friends.

As matters stand today, Kennedy might well win the Democratic Presidential nomination on the first ballot in Los Angeles.

Democrats Harmonize; Republicans Battle

Political observers on Beacon Hill are wondering if the members of the Democratic and Republican State Committees got their lines mixed up.

Democratic State Committee Chairman John M. Lynch was reelected in an atmosphere so heavy with harmony that some veteran Democratic politicians were worried that their party

may be getting a little complacent.

There wasn't a fight — not even a real argument — to enliven the organization meeting of the newly elected Democratic State Committee.

On the other hand, there were undertones of fury and feeling at the initial meeting of the Republican State Committee as the "young Turks" tried to wrest away control of the organization from the "old Turks."

Everything was smooth and syrupy at the Democratic assembly. There wasn't a harsh word spoken in anger.

Everything is not sweetness and light within the Republican party in Massachusetts. Under the surface there is a current of discord and dissension.

Strangely enough, the Democrats often have made their best showing in the past when they have had a bitter battle among themselves, then have healed their wounds and harnessed all their pent-up energy into a common fight against the Republican opposition.

The Republicans rarely have been able to pull their forces together into a united party front after a bruising conflict within their ranks. They just don't have the Democratic faculty for putting aside their family feuds and shelving their differences.

Whether the struggle for the Republican State Chairmanship went deep enough to leave any scars upon the party is uncertain. Probably it didn't.

But supporters of GOP State Chairman Daniel E. (Chick) McLean must have been shaken by the narrowness of the margin by which he escaped getting the heave-ho.

Had former State Senator Philip K. Allen of Andover been able to pick up four more votes, McLean would have been ousted by a 29-33 margin, notwithstanding the fact that he is considered generally to have done a good job for the past two years.

The drive to replace McLean as Republican State Chairman caused a good deal of feeling and left considerable bitterness in its wake.

It took the combined efforts of Republican State Senate Leader Fred I. Lamson of Malden and GOP House Leader Frank S. Giles of Methuen, with an assist from Senator Leverett Saltonstall, to save McLean.

Political onlookers, attempting to pinpoint the reason for the uprising of the so-called Republican "young Turks" against McLean, surmise that it may have been at least partly related to the four-way bat-

tle for the Republican nomination for Governor.

McLean is on extremely friendly terms with GOP House Leader Giles. It may have been significant that Giles was the only one of the four Republican gubernatorial contenders to back McLean publicly. McLean, of course, is officially neutral in the intra-party struggle for the right to team with Senator Leverett Saltonstall at the head of the GOP State ticket.

To most observers the sudden drive to oust McLean came as something of a surprise since he has guided the GOP to victories in two special elections for seats in the State Senate formerly held by Democrats, has demonstrated considerable organization ability and has generally succeeded in boosting Republican stock.

The reason John M. Lynch was reelected chairman of the Democratic State Committee without even token opposition against him is that Senator Kennedy wanted Lynch retained at the head of the Democratic organization.

Ordinarily, a Democratic Governor controls the Democratic State Committee. Governor Furcolo, however, pointed out recently at a press conference that he has never endeavored to do so and has left the decisions involving the Democratic Committee up to Kennedy.

One political pundit who covered both the Democratic and Republican State Committee elections offered the observation that if Senator Kennedy gains the Democratic Presidential nomination, as it is now anticipated he will, McLean may well wind up wishing that the "young Turks" were successful in throwing him out.

Perhaps the political understatement of the year was the admission of Chairman McLean that the nomination of Kennedy as the Democratic candidate for President or Vice President would mean a harder fight for members of the Republican State ticket in Massachusetts next November.

For the present the members of the GOP high command in the Bay State are endeavoring to patch up the differences in

their party, while the Democrats are trying to adjust themselves to their newly found harmony.

Meanwhile, there is some difference of opinion among the Republican candidates for Governor as to the rules which should be prescribed for the GOP Pre-Primary State Convention to be held in Worcester on June 11.

One faction believes that a rule should be adopted providing that the low man on each ballot be eliminated, thereby averting the possibility of a prolonged deadlock.

Some groups, however, oppose such a rule, maintaining that the four candidates should battle it out until one of them polls a majority of the votes.

The elimination of the candidate who draws the fewest number of votes on each ballot probably would close the door to a sudden blitz for a compromise choice in the event of a stalemate.

Rumors have been circulated that the name of Congressman Laurence Curtis or VA Administrator Sumner G. Whittier might be presented to the convention if a deadlock develops between former Newton Mayor Howard Whitmore, Jr., former State Public Works Commissioner John A. Volpe, State Senator Philip A. Graham and GOP House Leader Frank S. Giles.

The adoption of the so-called "low-man" rule presumably would limit the delegates to a choice between the four candidates whose names were placed in nomination and would prevent any surprise entries during the conclave.

What some of the political seers are wondering is whether Whitmore or Volpe would accept second place on the Republican State ticket in the event they don't win the endorsement for Governor.

Giles and Graham probably would run for reelection to offices they now hold if they don't achieve the gubernatorial endorsement.

But Volpe and Whitmore are not holding public office. One of the two might be persuaded to accept second place on the GOP state ticket after the candidate for Governor is picked.

Vote \$16,000 For New Supt. Of Schools

The Newton School Committee on Monday night voted an annual salary of \$16,000 for Charles E. Brown who steps up from Assistant Superintendent to Superintendent next September when Eric N. Dennard leaves to go to Tyler, Texas.

Mr. Dennard came to Newton in 1958 at a salary of \$18,000. He was tendered a farewell dinner at the home of School Committee Member Grace C. Whitmore in West Newton, before the meeting of the Committee.

At the meeting Supt. Dennard announced that a referendum on equal pay for men and women teachers will be on the ballot at the next municipal election in Newton. Newton is the only city in the state which does not provide equal pay for men and women teachers.

Mr. Dennard said he was notified by Mass. Teachers Association of a 1960 Act which provides for such a referendum in the 10 cities and towns where there is no provision for equal pay.

Hawaiian Motif For Field Day At Bowen School

You don't have to go to Hawaii to enjoy a Hoolaulea because one will be held at the Bowen School on Saturday, June 11.

The festive atmosphere will be complete to posters and display materials flown from the new state for the occasion.

A Hawaiian Hoolaulea means a good time which is precisely what the field day committee, led by Mrs. Samuel Citron, has in mind. For youngsters there will be a doll carriage and bicycle parade, a hip-wriggling hula hoop contest and a yo-yo tournament.

Youngster-oldest combinations will take part in relay races. There will also be bargain booths and refreshment stands.

A Homecoming Celebration for many of Bowen's gradu-

Sylvania Project

Editor, The Newton Graphic:

About the Sylvania Project: There is no doubt that a healthy mixture of industry and suburban housing makes for a good tax base and an ideal community where Papa can walk to work and the children can pick violets. This might happen where the industry and homes were planned as a unit. However in a garden city already overbuilt, where almost all the rolling acres have now become streets of little homes, to inject a large industry, no matter how architected and rosebush, brings no work advantage to our citizens. As for taxes, I would not want them held down or lowered if the cost were that of taking away the few remaining pieces of wild acreage that Newton still has.

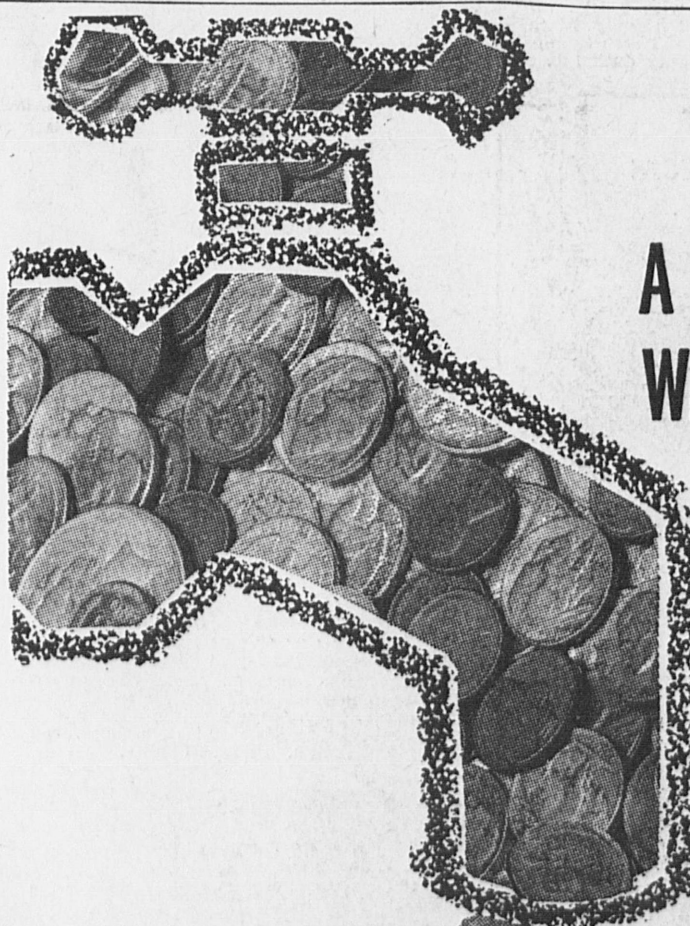

Of course, this plan for a modern, noiseless industry is better than one for a coal-refinery, and better, perhaps, than another development of small homes which will need more roads, sewers and schools. But why cannot Newton act with vision and save this land for Newton?

The land runs down through hills and wood and marsh to the Charles. Can we not buy this beautiful wild section to keep undeveloped as part of that green belt that garden cities should have? There are blueberries and polygones and mountain laurel there. You can walk in deep and not hear a single auto—only birds and the rustle of trees. I think it would be statesmanship for our aldermen to decide that we can afford it.

Newton Residents To Get Degrees at Curry

Considerable Newton interest will be centered on the annual Commencement exercises at Curry College in Milton next Sunday afternoon, May 29th.

Two of this city's distinguished residents and one of its best known visitors are to be awarded Doctor of Science degrees at the exercises. Her Royal Highness, Princess Ileana, now a resident of Newton, will be one of the degree recipients and will address the graduates. Her subject will be, "What Is Expected of the Free."

She is a great granddaughter of Queen Victoria of England and also of Alexander II, the Czar of Russia who reared the serfs. She is a noted author and lecturer.

Miss Cora E. MacKenzie of Auburndale, formerly president of Zonta International and treasurer and general manager of the Johnson Appleby Company of Cambridge, will also be honored with a Doctorate in the Miller Auditorium on the college campus.

Miss June Buchanan, sister of Mrs. Francis J. Flagg of Newtonville, is arriving on Saturday from Pippa Passes, Kentucky to receive her citation. Miss Buchanan is noted as co-founder of the Caney Creek Community Center in the mountains of Eastern Kentucky.

She won national fame when she appeared on the "This Is Your Life" television program with some of her mountain children. She was the heroine also, of the "Readers Digest" summary of the book entitled, "Stay On, Stranger!" by William Dutton, a striking story of indomitable courage.

Miss Buchanan is known to thousands in the Boston area who have helped in her work for the forgotten 5,000 mountaineers in the southland. She won the Arents Award two years ago at Syracuse University and last month she was named a Kentucky Colonel by the Governor of the State for her work in education.

An oil portrait of the great American poet, Robert Frost, will be unveiled as part of the Commencement Exercises by the artist, Rosamond Coolidge of Watertown.

Newton JWV Post Honors Quartermaster

Newton Post No. 211, Jewish War Veterans, honored Israel Trieger of 648 Dedham St., Newton, for his 20 years of service as quartermaster, a job he has held since the post's founding.

A testimonial dinner was held Tuesday evening at Hampton Court Hotel in Brookline attended by a group of members of the post with their wives, and by relatives and friends of Mr. Trieger.

He joined the post in 1939 as a charter member and was elected quartermaster. As far as is known, he is the only man in the Jewish War Veterans who has the distinction of holding the same office, uninterruptedly, for 20 years.

Most of the past commanders of the post were present and paid individual tribute to Mr. Trieger. A suitable presentation was made by Ralph Cohen, the first commander of Newton Post 211. Immediate past commander Richard M. Altman was chairman of the arrangements committee and Lt. Col. Arthur J. Swett was toastmaster.

"Newton Post 211 wishes to make public recognition of Mr. Trieger's services, and thank him for his continued loyalty over the years," said Dr. Arthur J. Gorney, a past commander of the post.

Map School Safety Drive

Newton is going all out through cooperation of the Police and School Departments and the various PTAs to map the safest routes from elementary schools to homes of the pupils.

Plans for the safety campaign were launched at a meeting of officials and civic leaders held in the office of Mayor Donald L. Gibbs.

Cooperation of the School Department will be enlisted in the drive to teach youngsters the safest route to school and home; crossings will be marked and adequate police protection will be provided, Mayor Gibbs said.

It was suggested that PTAs draw maps of safe routes with landmarks for children who are too young to read. The plan probably would be tried in two schools and then put into effect at the others.

Chief Philip Purcell said Newton has 34 police officers and 34 women traffic officers on duty at schools, more than any other city in the state in proportion to population.

Others present at the meeting were School Committee member Francis P. Frazier, Alderman William H. Prentice, President David Berkman of the Newton Community Council, Immediate Past President Irving J. Helman of the Council of Parent-Teacher Associations; Dudley Harmon of the Massachusetts Safety Council, Capt. James W. Corcoran, Safety Officer Charles E. Feely, Street Department Traffic Foreman John P. Monahan and Administrative Assistant Harold T. Pilbury.

Mason-Rice PTA

Fathers' Night climaxed the Mason-Rice School PTA meeting for the year which was highlighted by the election of officers for next year, as follows:

President — Mrs. Stewart Holmes; parent vice president — Mr. and Mrs. Charles du Moulin; teacher vice president — Mrs. Edwin Thomas; recording secretary — Mrs. Stanley Warshaw;

Corresponding secretary — Mrs. Martin Arslanian; treasurer — Mr. and Mrs. Burton Jolles; teacher assistant treasurer — Miss Ruth Burgess.

Wrestler Myron Allukian of Newton has been selected by teammates as among the most valuable at Tufts College when some 150 varsity athletes, their parents, friends and alumni attended the All Sports banquet last week.

Form Citizens Advisory Committee For Home Medical Care Program

The Newton Community Council voted at its recent Governing Board meeting to assist Dr. Harry Phillips, Director of the Newton Health Department, in establishing a Citizens Advisory Committee for the demonstration Home Medical Care Program in Newton, and to study the Newton Park areas including Edmands Park, according to David Berkman, President of the Community Council.

The Citizens Advisory Committee for the Home Care Program will be organized shortly to include volunteer representatives of a number of community agencies and organizations for a three-fold purpose as stated in the request of Dr. Phillips to Mr. Berkman.

● To act as a contact between the Demonstration Home Care Program and representatives from a number of community groups.

● To assist in the evaluation of the demonstration.

● To assist in making recommendations concerning the future of the program and to make suggestions how such recommendations would be implemented.

The Community Council was instrumental in bringing about a Home Care Program in Newton as the result of their study conducted last year, which recommended that a demonstration Home Care Program be established within the Newton Health Dept. using funds made available through the Mass. Dept. of Public Health. Dr. Donald E. Bowen, First Vice President of the Community Council, will assist in the formation of the Citizens Advisory Committee.

The question as to the best use of Edmands Park and other Newton park areas was brought to the attention of the Community Council by Miss Adelaide B. Ball, a member of the Governing Board, as the result of the recent tour and discussion of Edmands Park and under the leadership of Robert C. Davidson of the Newton Park Commission.

The Community Council agreed to form a study committee as requested to look into past studies on this subject, to discuss this subject with representatives from the Recreation Dept. who have

Stevenson Club Meeting Hears Program Outlined

The cause of Adlai Stevenson for President gained new impetus in Newton last week when Mr. and Mrs. James Quinn, of 27 Reservoir drive, entertained 60 people in their home in the interest of the candidacy of the former Illinois Governor.

Marshall Kaplan, acting chairman of the Stevenson for President Club of Massachusetts, discussed the purpose of the club's campaign in this state.

He stated that the organization is making an effort to activate pro-Stevenson support by conducting petition drives, organizing informal discussion groups, and advertising in local newspapers.

Mr. Kaplan went on to point out that more than 10,000 signatures have been accumulated to date, a fact that he thought to be indicative of strong Stevenson support within the Commonwealth.

During a question-and-answer period, Mr. Kaplan emphasized strongly that the West Virginia primary was in effect

a victory for democratic processes. The dissolution of new and irrelevant issues has the effect of clearing the way for the airing of more vital questions.

In summation, Mr. Kaplan stressed the importance of supporting Stevenson. He said, "America cannot afford to overlook a man of Stevenson's stature and qualifications."

Newton Andover Graduates 67 Including Rev. Stayton

Andover Newton Theological School in Newton Centre, one of the oldest Protestant seminaries in America, awarded degrees to 67 graduates at commencement exercises on Monday.

The graduates included the Rev. William R. Stayton, associate minister of the First Baptist Church in Newton, Newton Centre.

The Rev. Dr. Carlyle Marney of Charlotte, N. C., the commencement speaker, told a large congregation at First Baptist Church in Newton Centre, that "success in the ministry lies often with the personal relationships a clergyman can develop."

He stressed the importance and values of personal relationships, and the relation of God to man.

"There is a work of redemption to be done," Dr. Marney said, "Jesus Christ

has completed his work on Calvary and is still working in the hearts of men. God has come to meet us in his relationship to man."

"Love will accomplish much and at the point where God reaches man, the things which never mattered less go away, the parade of lusty noises is stifled, the traffic jam loses its frenetic pressure and we begin to find our true relationships with God and man."

Among other participants were the Rev. Dr. Frederick M. Meek, minister of the Old South Church, Copley Square, Boston; Atty. Howard W. Cole of Beverly; the Rev. Dr. Russell C. Tuck of the school faculty, and Rodney J. Case of Seattle, representing the graduating class.

The baccalaureate service was held Sunday night in the First Congregational Church, Newton Centre, at which the

Rev. Dr. Roy Pearson, dean of the school, warned that the Christian church today is more often "putting men to sleep rather than summoning them to their task."

"Why have we Christians not done more to straighten out this awful mess?" he asked, "Why so few Christians could do so much in the first century and so many do so little in the twentieth?"

The school comprises the oldest Congregational seminary in America, and one of the oldest Baptist schools. Both were joined in 1931.

During its long history, the school has graduated more than 7,500 ministers. This year's graduates will be leaving for Christian work in India, Japan, Burma, among the American Indians in North Dakota, and chaplaincy service in the Worcester State Hospital, as well as pastorate and directors of religious education.

Two Local Students Will Get Degrees at Bucknell

Two Newton students will be candidates for bachelor's degrees at the 110th annual Commencement exercises of Bucknell University, Lewisburg, Pa., at outdoor ceremonies on Sunday, June 5th.

They are: Jane Dahl, daughter of Mr. and Mrs. Francis W. Dahl, 47 Central Avenue, Newton and Mark B. Peterson, son of Dr. and Mrs. Thomas H. Peterson, 47 Hancock Avenue, Newton Centre.

Peterson and Miss Dahl are candidates for the degree of bachelor of arts.

At Bucknell the two students have taken an active part in student affairs.

Miss Dahl was a member of the Women's Student Government Association's House of Representatives and of the Mixed Chorus. Peterson served as counselor of freshmen men.

In addition, Miss Dahl earned membership on the Board of Publications and Radio for her service on the

staffs of The Bucknellian, weekly student newspaper, the Student Handbook, and L'Agenda, senior yearbook, of which she served as assistant editor and editor-in-chief. Member of Kappa Delta sorority, she was also elected to serve in the cabinet of the Student-Faculty Congress, and recently chosen to serve as a class reporter of the Alumni Class of 1960.

Peterson's activities have included initiation into Theta Alpha Phi, national honorary fraternity for dramatics, of which he served as treasurer and vice president, and membership in Cap and Dagger, Bucknell's dramatic group, of which he was chosen secretary and president. Peterson

Three Newton girls participated in May Day festivities at Framingham Teachers College. They were Naomi Levewich, daughter of Mr. and Mrs. Peter Levewich of 96 Shorncliffe road, Eleanor Norton, daughter of Mr. and Mrs. Charles H. Norton of 156 Charlesbank road, and Barbara Sandberg, daughter of Mr. and Mrs. Samuel Sandberg of 156 Park street.

Miss Ann Haffer, daughter of Mr. and Mrs. William Haffer of Newton Centre, was elected Student Government Representative for the Senior Class at Lesley College, Cambridge.

GEORGE MOSHER

Newton Student Named Harvard Yearbook Exec.

The Harvard Yearbook has elected a junior from Newtonville as business manager.

George Mosher, son of Mr. and Mrs. G. William Patten of 11 Prospect Terrace, will direct the advertising, circulation and financial operations of the yearbook for the class of 1961, which will graduate in Harvard's 235th year.

In addition, the Yearbook publishes a directory of incoming freshmen each year and "Cambridge 38," a monthly literary magazine.

Mosher graduated in 1957 from Newton High School, where he was captain of the chess team and a member of the math club. In his senior year he participated in a student exchange program from Radnor (Pa.) High School. A Kerit Scholarship finalist, he received a War Orphan Scholarship from the state and federal governments.

At Harvard, Mosher is an honors candidate majoring in economics. Besides his yearbook activities, he was manager of the freshman football team. A Dean's List student, he hopes to attend business school after graduation from the College in June, 1961.

Hough Shares Rescue Award

A Newton resident, Francis P. Hough of 1 Beacon St., was one of the warbuilders employed at the Boston Naval Shipyard who shared a \$200 Group Superior Achievement Award for their courageous action in saving a fellow-worker who fell 15 feet off a pier.

The rescued man was Joseph F. Waht of Waltham. Those sharing the award with Hough were Omer A. Cantar of Winthrop and Anthony Repucci of Revere.

Capt. F. L. Ruhlman, USN, shipyard Commander, explained how the award was won.

"As Waht fell," Captain Ruhlman explained, "his back struck a ledge and he was catapulted through an entanglement of x-braces and low water whalings. He was unconscious when he hit the water, face down. His co-workers went into action immediately. They saw that the only way to reach him was through the cross-bars, and to get him out required putting planking across the low water whalings."

"Working with speed and competence, they gently lifted him out of the water and carefully edged him onto the planking. After treatment at the Dispensary he was able to report back to work the same day."
